DRAFT BUDGET FOR FISCAL YEAR 2008-2009

ITEM

Draft budget for fiscal year 2008-2009

BUDGET BACKGROUND

Attached is the draft of the fiscal year 2008-2009 budget.

The Finance and Audit Committee met on March 3, April 10 and April 29.

The draft of the budget is projecting an overall operation and maintenance deficit of \$465,712. Each Fund has its own impact on the deficit – whether positive or negative, therefore, each Fund must be looked at individually.

OPERATIONS AND MAINTENANCE FUNDS

Fund #120 - Town Water

This Fund is budgeted to have a deficit of (\$23,575) and a budgeted ending Fund Balance of \$1,779,425. The rates and charges are adequately covering all of the budgeted costs including funding \$131,000 in Funded Replacement. Due to the large estimated cash reserves, the Board of Directors may consider funding additional Funded Replacement.

Fund #130 - Town Sewer

This Fund is budged to have a surplus of \$185,639 and a budgeted ending Fund Balance of \$585,639. The current rates and charges are adequately covering all of the budgeted costs (a result of the rate increase that went into effect on April 1, 2008). Based on The Reed Group report, a portion of the revenue received as a result of the rate increase should be designated for future debt service for the Southland WWTF upgrade.

Fund #140 - Blacklake Water

This Fund is budgeted to have a deficit of (\$79,160) and a budgeted negative ending Fund Balance of (\$21,160). The current rates and charges are not adequate to cover all of the budgeted costs. Funding replacement was suspended in previous years and it is estimated that the cash reserves are not sufficient to cover the budgeted costs for the entire year.

Fund #150 - Blacklake Sewer

This Fund is budgeted to have a deficit of (\$61,584) and a budgeted negative ending Fund Balance of (\$46,584). The current rates and charges are not adequate to cover all of budgeted costs. Funding replacement has been suspended this year and it is estimated that the cash reserves are not sufficient to cover the budgeted costs for the entire year.

Fund #160 - Blacklake Street Lighting

This Fund is budged to have a deficit of (\$1,514) and a budgeted ending Fund Balance of \$43,486. The current charges do not cover all of the budgeted costs, however, there are adequate reserves in this fund. In addition, there are no large unforeseen expenditures that need to be addressed. In addition, a Prop 218 election would be required to increase the charges.

Fund #250 - Street Landscape Maintenance District

This Fund is budgeted to have a surplus of \$4,157 and a budgeted ending Fund Balance of \$19,157. The current charges cover all of the budgeted costs. The District Engineer has prepared the annual Engineer's Report for 2008-2009.

Item D May 21, 2008

Fund #300 - Solid Waste

This Fund is budgeted to have a surplus of \$45,105 and a budgeted ending Fund Balance of \$585,105. The current Franchise Fee is funding street sweeping activities, solid waste collection in Olde Towne, community clean up days and projects and a portion of the Water Conservation and Public Outreach Specialist salary and benefits.

Fund #400 - Drainage

This Fund is budgeted to have a surplus of \$14,420 and a budgeted ending Fund Balance of \$19,420. The current ad valorem tax covers all of the budgeted costs.

Fund #800 - Funded Replacement Town Water

This Fund is budgeted to have a deficit of (\$381,900) and a budgeted ending Fund Balance of \$1,853,100. The revenue is a transfer of \$131,000 from Fund #120 – Town Water and interest income. The expenditures include replacement projects for the water system that can be found on page 58 of the draft budget.

Fund #810 - Funded Replacement Town Sewer

This Fund is budgeted to have a surplus of \$22,500 and a budgeted ending Fund Balance of \$3,120,500. The revenue is a transfer of \$125,000 from Fund #130 – Town Sewer and interest income. The expenditures include replacement projects for the sewer system that can be found on page 58 of the draft budget.

Fund #820 - Funded Replacement Blacklake Water

This Fund is budgeted to have a deficit of (\$130,400) and a budgeted ending Fund Balance of \$148,600. The revenue is interest income. Transfers from the Blacklake Water Fund #140 had been suspended in previous years. The expenditures include replacement projects for the water system that can be found on page 58 of the draft budget.

Fund #830 - Funded Replacement Blacklake Sewer

This Fund is budgeted to have a deficit of (\$59,400) and a budgeted negative ending Fund Balance of (\$202,400) due to the pond liner replacement project in 2007-2008. The expenditures include replacement projects for the sewer system that can be found on page 58 of the draft budget.

NON-OPERATING BUDGETS

Fund #700 - Town Water Capacity

This Fund includes budgeted capital improvement projects of \$1,137,150 and a budgeted ending Fund Balance of \$3,825,760. This fund has adequate reserves to cover the expenditures.

Fund #710 - Town Sewer Capacity

This Fund includes budgeted capital improvement projects of \$3,470,040 and a budgeted ending Fund Balance of \$2,208,014. This fund has adequate reserves to cover the proposed expenditures for the 2008-2009 fiscal year.

Fund #600 - Property Taxes

This Fund includes budgeted capital improvement projects of \$105,000 and a budgeted ending Fund Balance of \$1,371,591. This fund has adequate reserves to cover the expenditures as well as the debt service on the Certificates of Participation (COP's). This fund has been "raided" by the State of California numerous times of the past 15 years due to ERAF legislation.

Fund #500 - Supplemental Water Fund

This Fund includes budgeted expenditures relating to supplemental water of \$1,627,500 and a budgeted ending Fund Balance of \$2,270,460. This fund has adequate reserves to cover the proposed expenditures for the 2008-2009 fiscal year. Once the supplemental project is approved, a funding source will need to be determined.

RECOMMENDATION

It is recommended that the Board of Directors give direction to Staff to prepare the final draft fiscal year 2008-2009 budget for Public Hearings set for June 11 and June 25.

INTRODUCTION

The Nipomo Community Services District is a multi-service special district formed on January 28, 1965, under the Community Services District Law, California Government Code Section 61000 et. seq. The Nipomo Community Services District serves the residents and property owners within the limits of its approximately seven square miles service area with water, sewer, solid waste, street lighting to the Black Lake Village, limited drainage and limited street landscape maintenance.

The legislative head of the District is an elected Board of Directors composed of five members. Each member serves a four year term, and elections are held every two years, on even number years. The terms for the Board of Directors are staggered. Regular meetings are held at the District Board Room, 148 South Wilson Street, Nipomo, California at 9:00 a.m. on the second and fourth Wednesdays of each month. The current Directors are:

Michael Winn President
James Harrison Vice President
Clifford Trotter Director
Larry Vierheilig Director
Ed Eby Director

The District is currently staffed with thirteen full time employees and one part time employee: 1-General Manager; 1-Assistant General Manager; 1-District Engineer; 1-Utility Superintendent; 1-Secretary; 1-Billing Clerk; 1-Conservation/Public Outreach Specialist; 1-Utility Field Supervisor; 2-Inspector/Preventive Maintenance Supervisors; 2-Utility Workers, 1-Maintenance/Customer Service Worker and 1-Utility Office Assistant (part time). The District is represented by the law firm of Shipsey and Seitz.

The District Office is open to the public from 8:00 a.m. to 4:30 p.m. Monday through Friday except holidays. In addition, the District has a 24 hour telephone number, (805) 929-1133. This number is answered by an answering service during non-business hours and service related emergency calls are forwarded to standby personnel. Facsimile transmissions may be made to (805) 929-1932 and web site is www.ncsd.ca.gov. All other emergency requests are handled through the 911 system.

BUDGET PREPARATION

OPERATING AND NON-OPERATING BUDGETS

NCSD's budget is separated into two budgets - the Operating Budget and the Non-Operating Budget. The Operating Budget represents the day-to-day operations and maintenance of the District. The expenditures from the Operating Budget are funded from water and sewer use revenues, solid waste, street lighting and street landscape maintenance charges. The Non-Operating Budget represents the long-term capital financing program of the District. The Non-Operating Budget is funded by capacity charges, general purpose property taxes and certificates of participation.

Each Fund of NCSD has its own budget. The Funds in the Operating Budget are as follows:

| #110 | Administration Fund |
|------|--|
| #120 | Water Fund-Town Division |
| #130 | Sewer Fund-Town Division |
| #140 | Water Fund-Black Lake Division |
| #150 | Sewer Fund-Black Lake Division |
| #200 | Black Lake Street Lighting Fund |
| #250 | Street Landscape Maintenance District Fund |
| #300 | Solid Waste Fund |
| #400 | Drainage Fund |
| #800 | Funded Replacement-Town Water Fund |
| #810 | Funded Replacement-Town Sewer Fund |
| #820 | Funded Replacement-Black Lake Water Fund |
| #830 | Funded Replacement-Black Lake Sewer Fund |

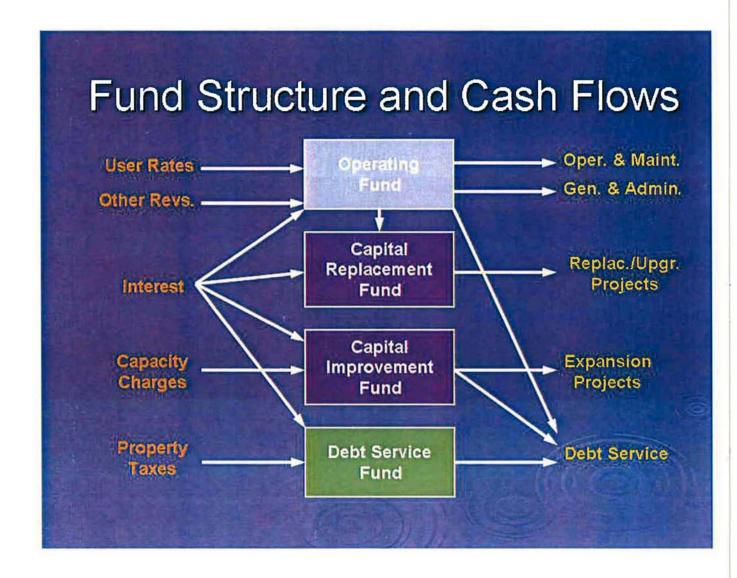

The Funds in the Non-Operating Budget are as follows:

| #500 | Supplemental Water Fund |
|------|---|
| #600 | Property Tax Fund |
| #700 | Water Capacity Charges Fund-Town Division |
| #710 | Sewer Capacity Charges Fund-Town Division |

The Administration Fund accounts for all of the assets and resources used for the general administration of the District. The remaining operating funds are "enterprise funds". The purpose of enterprise funds is to account for operations in a manner similar to private business enterprises. The policy defined by the elected Board of Directors is that the costs of providing service (expenses, including depreciation of providing goods and services) be financed or recovered primarily through user charges.

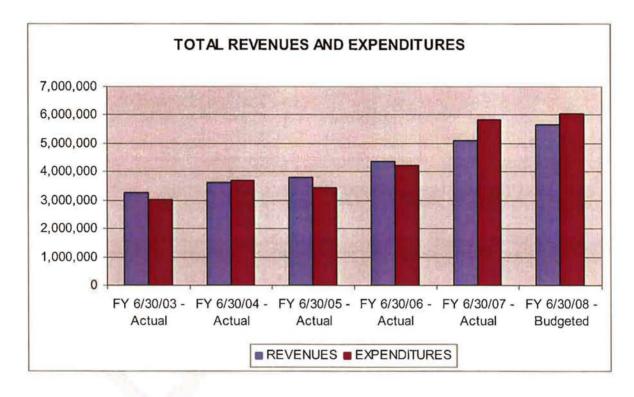

2. FUND AND RESERVE STRUCTURES AND CASH FLOWS

The model below provides a helpful overview of the fund and non-designated reserve structure and cash flows of the District. The revenues (sources) of funds include user rates, other revenues, interest income, capacity charges and property taxes. expenditures (uses) of funds include operations and maintenance, general and administrative costs, replacement and upgrade projects, expansion projects and debt service. In addition, there are transfers into, out of, and between funds and nondesignated reserves.

3. FINANCIAL OVERVIEW

- Total budgeted Revenues for fiscal year 2008-2009 is \$5,455,984. This is an
 increase of 4% over the budgeted Revenues for fiscal year 2007-2008. A graph
 depicting the revenues can be found on page 20. The increase is attributable to
 increased user rates and charges.
- Total budgeted Expenditures for fiscal year 2008-2009 is \$5,922,325. This is an increase of 11% over the budgeted Expenditures for fiscal year 2007-2008. A graph depicting the expenditures can be found on page 21. The increase is attributable to increased costs of operations and maintenance and increase in District staffing including salary and benefits.

As of June 30, 2007, the District's net assets exceeded \$41 million dollars.

| Total Assets | \$46,975,925 |
|-------------------|--------------|
| Total Liabilities | \$5,477,282 |
| Total Net Assets | \$41,498,643 |

An audit of the District's financial statements is conducted annually by an independent Certified Public Accountant. A copy of the audit report may be found at the District's web site www.ncsd.ca.gov.

4. THE NON-OPERATING BUDGET - CAPITAL IMPROVEMENT PROJECTS

Capital facilities (infrastructure) represent a major investment by Nipomo Community Services District. Supply, treatment, transmission, and distribution facilities are needed to provide water service to the various customers of the District. Investment in collection, transmission, treatment and disposal facilities are required for wastewater service. Capital investments are necessary to maintain high-quality service to existing customers and to provide facilities for future growth and economic development.

The magnitude of investment required for the proper management of a utility system mandated the development of an effective long-range capital financing plan. The most important factor affecting capital expansion is growth in demand. As areas are developed or annexed, additional pressure is placed on a utility to provide water and wastewater services. The capital investment required to support this growth should be funded in such a way so that the financial risks relating to growth are minimized for the District. The Capital Financing Plan of the District will be funded with capacity charges, interest earned, property taxes and Certificates of Participation. A summary of the proposed Capital Improvement Projects may be found on page 60 and a description of each project may be found on pages 61-62.
