E. ADMINISTRATIVE ITEMS

00:03:35

E-1) BRAD NEWTON, SAIC FALL GROUNDWATER LEVEL UPDATE

Brad Newton of SAIC, provided updated information to the Board and the public that was different than that presented in the Board packet. He reviewed the slides and answered questions from the Board.

Jon Seitz, District Legal Counsel, stated that the Nipomo Mesa Technical Group has not reviewed the information presented at this meeting.

President Harrison asked if there is some likelihood that the water in the Santa Maria Valley, which has the highest level of water, will reach the point where it cannot replenish the water we use before sea water intrusion would occur. Dr. Newton answered yes.

The following member of the public spoke:

John Snyder, Nipomo resident, stated that a certification stamp with a signature should be included with the report instead of just a draft. He stated that the statement that well locations are confidential in California is incorrect. He disagreed with some of the other information presented. Monitoring wells should be included in the report.

Director Winn asked about state law in releasing information about well location.

Jon Seitz, District Legal Counsel, answered that there is no law that prevents the District from releasing well information to the public.

Dr. Newton stated that there is no law against releasing well data but he keeps it confidential to maintain the confidence of private well owners.

E-7) ADOPT RESOLUTION OF APPRECIATION RECOGNIZING THE ACHIEVEMENTS AND SERVICES OF BRUCE BUEL, DISTRICT GENERAL MANAGER

President Harrison read the resolution aloud and presented it to Bruce Buel.

**RESOLUTION 2009-1171
A RESOLUTION OF THE NIPOMO COMMUNITY SERVICES DISTRICT
COMMENDING BRUCE BUEL
FOR HIS DEDICATED SERVICE TO
NIPOMO COMMUNITY SERVICES DISTRICT**

Bruce Buel spoke to the Board and to the crowd of more than 50 in the audience. Mr. Buel stated that it has been a pleasure to work with the District and its staff.

The following members of the public spoke:

Supervisor Achadjian called in from a Coastal Commission meeting. He said he was sorry to not be there in person and wanted to personally recognize Mr. Buel's contribution to the community.

Vickie Janssen, Sup. Achadjian's Legislative Assistant, presented a certificate of recognition from San Luis Obispo County Board of Supervisors.

Cliff Trotter read from a newspaper clipping where he praised Mr. Buel ending the interview with "he's bright, bright, bright."

Sharon Fredrick, resident from Los Osos, praised Mr. Buel for the work he had done in Los Osos. She stated that Los Osos' loss was Nipomo's gain.

Chuck Stevenson, SLO County Planning Dept., stated that Mr. Buel was the best district manager to work with. Mr. Buel set a new standard for managers.

Kathy Kubiak, President of Olde Towne Nipomo Association, stated that it has been a joy to work with Mr. Buel on the park project.

E-7) ADOPT RESOLUTION OF APPRECIATION RECOGNIZING THE ACHIEVEMENTS AND SERVICES OF BRUCE BUEL, DISTRICT GENERAL MANAGER (CONTINUED)

Daniel Diaz, NCS D resident, stated that Mr. Buel has shown much care in the concerns of the public. He nicknamed Mr. Buel "Get 'er done, Bruce."

Pandora Nash-Karner from Los Osos stated that she was on the interview panel when Mr. Buel applied for the job at Los Osos. He was, by far, the shining star.

Mike Eisner, Nipomo resident, stated that working with Mr. Buel on NICE (Nipomo Incorporation Committee for Education) and the park committee has been a pleasure.

Doug Wood, environmental consultant for the District, stated that Mr. Buel is knowledgeable, kind and professional.

Mike Cannon, considers himself lucky to know a true visionary.

Kevin Walsh, old friend of Mr. Buel's, spoke at length of the fraternal love many share for Mr. Buel.

Jon Seitz, District Legal Counsel, stated that he enjoyed working with and learned much from Mr. Buel.

After a standing ovation in honor of Mr. Buel, the Board to went to Closed Session in the District Conference Room. The public remained for a while to wish Mr. Buel well.

E-10) AUTHORIZE EXECUTION OF WATERLINE INTERTIE CONSISTENCY REVIEW AGREEMENT WITH THE CITY OF SANTA MARIA

Michael LeBrun, Interim General Manager, introduced the item. As stated in the Board packet, the City of Santa Maria City Council considered the Wholesale Water Supply Agreement between NCS D and the City on December 1, 2009. The Council will consider the agreement further at the December 15th meeting, including some concerns about a pump station being consistent with the aesthetic standards of Santa Maria's general plan.

Peter Sevcik, District Engineer, explained the process needed for transmission of water.

Steve Kahn, with the City of Santa Maria, stated that the item is on the agenda for December 15th but will probably be continued to the January 5, 2010 meeting.

The Board suggested a few changes to the agreement. There was no public comment.

Michael LeBrun, Interim General Manager, introduced Mike Nunley to speak to the Board about the Waterline Intertie Project and the Southland WWTF Upgrade Project.

Mike Nunley, Project Manager for AECOM, reviewed the report presented in the Board packet and answered technical questions from the Board.

Then Mr. Nunley gave a report on the wastewater facility upgrade project. He answered questions from the Board. Director Winn stated that he would be meeting with Supervisor Patterson to explore vermiculture in relation to sludge resulting from wastewater treatment.

The Board thanked Mr. Nunley for the reports.

There was no public comment.

The Board considered Item E-9 next.

04:56:51

E-9) AECOM CONTRACT AMENDMENT WATERLINE INTERTIE PROJECT DESIGN

Mike Nunley, AECOM Engineering Project Manager, explained how the engineering costs involved in the Waterline Intertie Project have gone beyond the original scope of work required to complete the final design. Mr. LeBrun, Mr. Nunley and Mr. Seitz answered questions from the Board.

There was no public comment.

Upon motion by Director Eby and seconded by Director Winn, the Board agreed to authorize the General Manager to execute an amendment in the amount of \$140,873 to the existing WIP Final Design Agreement. Overall Project budget will be unaffected as an equal dollar amount will be deducted from Line 22 of the budget, Property Acquisition. Vote 4-1, with Director Harrison dissenting.

F. MANAGER'S REPORT

Michael LeBrun, Interim General Manager, stated that the Manager's Report stands, as written.

Mr. LeBrun brought an emergency item to be considered on an emergency basis.

Jon Seitz, District Legal Counsel, announced that, pursuant to Government Code Section 54954.2, the District may place an item on the agenda if it is found that the situation came to the attention of District staff after the posting of the agenda and there is a need to take action on that situation before the next regularly scheduled Board meeting.

Mr. LeBrun stated that a critical piece of sewer trunk line equipment at the Southland Wastewater Treatment Facility is failing. It was noticed on Monday, December 7, 2009.

Upon motion of Director Winn and seconded by Director Vierheilg, the Board approved the findings that an emergency existed and unanimously agreed to put this item on the agenda for consideration. Vote 5-0.

YES VOTES	NO VOTES	ABSENT
Directors Winn, Eby, Vierheilg, Nelson, and Harrison	None	None

Mr. LeBrun described the problem with the grinder (Muffin Monster). There are two grinders that work in parallel. One is failing and needs to be replaced. The cost is \$22,000 to replace with a core exchange and \$3,800-4,200 for the crane to replace a single grinder pump.

Peter Sevcik, District Engineer, explained that the grinder has a seal failure and could cause electrical problems if not repaired or replaced. JWC Environmental is a sole source purchase place.

Upon motion by Director Eby and seconded by Director Vierheilg, the Board unanimously agreed, based on staff's presentation, that an emergency exists at the Southland Wastewater Treatment Facility. The Board agreed that District's purchase policy provides, along with public policy, the Board finds that an emergency condition exists and that purchase of a grinder pump from JWC Environmental for \$22,082.8, not including tax and enter into a contract with Fluid Resource Management at a not-to-exceed amount of \$5,000 for installation of the pump and to proceed with immediate haste is necessary. There was no public present to comment. Vote 5-0.

Water Conservation Subcommittee Meeting, Friday, December 18, 2009.

Director Eby

Asked the General Manager to respond to the Notice of Preparation for the park that is due by December 23rd. Please address the availability of water for park in current condition and for plans of new turf. Also, address feasibility of connecting to NCSD sewer system and if there is accommodation in District's existing sewer lines and system. Speculation was made that a water reclamation program is possible.

148 S. Wilson Street
Nipomo, California

00:00:00

A. CALL TO ORDER, FLAG SALUTE, AND ROLL CALL

B. PARK ASSESSMENT DISTRICT NO. 1 (MILLER PARK) - PUBLIC HEARING

B-1) Receive presentation from Assessment Engineer and District Staff.

Michael LeBrun, Interim General Manager, introduced Kari Wagner of Wallace Group.

Kari Wagner, Assessment Engineer for Wallace Group, introduced Lonnie Lepore of Wallace Group and Sara Horne from the League of Women Voters of San Luis Obispo. Ms. Wagner described the process to count the votes for the assessment district.

B-2) Open Public Hearing

- Receive public comments on proposed assessment district and assessments,
- Receive assessment ballots not previously delivered to the District / provide opportunity for property owners to amend previously delivered assessment ballots.

President Harrison opened the Public Hearing.

Ms. Wagner reviewed the costs and how those costs would be distributed between NCSD and the assessment district.

NCSD's entire customer base would pay for 40% of operational costs and 60% would be covered by the assessment district. The primary zone would pay 40% (at \$35.45 per year) and the secondary zone would pay 20% (at \$12.49 per year).

There was no public comment.

B-3) Close Public Hearing and order tabulation of assessment ballots.

President Harrison closed the Public Hearing at 9:10 a.m.

Jon Seitz, District Legal Counsel, explained that the ballots need to be counted in the public purview.

The engineers from the Wallace Group and Ms. Horne tabulated the ballots in the NCSD Board room while the meeting continued.

C. PRESENTATIONS AND PUBLIC COMMENT

00:09:58

C-1) NCSD DISTRICT ENGINEER PETER SEVCIK
Update re: Monthly Activities

In the absence of Peter Sevcik, District Engineer, Michael LeBrun, Interim General Manager, reviewed the report. Mr. LeBrun answered questions from the Board. There was no public comment.

The Board considered Item C-3 next.

00:14:33

C-3) NCSD WATER CONSERVATION COORDINATOR CELESTE WHITLOW
Update re: Semi-Annual Performance and Monthly Outreach Activities

Celeste Whitlow, Water Conservation Coordinator, reviewed the report presented in the Board packet. She answered questions from the Board. Directors asked for a few things to be different in the next report. There was no public comment. The Board thanked Ms. Whitlow for the report.

The Board considered Item C-2 next.

01:02:22

C-2) NCSD SUPERINTENDENT TINA GRIETENS
Update re: Monthly Utility Division Activities

Tina Grietens, Utility Superintendent, reviewed the report presented in the Board packet and answered questions from the Board. There was no public comment. The Board thanked Ms. Grietens for the report.

01:23:00

C-4) PUBLIC COMMENT ON ITEMS NOT ON AGENDA

President Harrison asked for public comment on anything not on the agenda. There was no public comment.

The Board took a break at 10:25 a.m. and returned at 10:35 a.m.

01:24:31

B-4) Announce results of assessment ballot tabulation.

If a majority protest does not exist, then:

- Adopt Resolution approving Engineer's Report.
- Adopt Resolution ordering the levy and collection of the assessments;

B-4) Announce results of assessment ballot tabulation. (CONTNUED)

Kari Wagner, Assessment Engineer from Wallace Group, announced the tabulation, as follows:

	No. of Ballots	Total Value of Ballots	Percentage	No. of Ballots		Total Value of Ballots
				Primary	Secondary	
Yes	79	\$2,747.56	43.7%	Primary	24	\$2,038.74
				Secondary	55	\$708.82
				Total	79	\$2,747.56
No	89	\$3,533.45	56.3%	Primary	32	\$2,350.01
				Secondary	57	\$1,183.44
				Total	89	\$3,533.45
Total	168	\$6,281.01	100%			
Invalid votes	11	\$561.79				
Late submission	1	\$12.49				
Non-Deliverable	9	\$90.37				

A majority protest exists; therefore, the Assessment District was rejected.

01:35:00

D. CONSENT AGENDA

D-1) APPROVE WARRANTS

Upon motion by Director Winn and seconded by Director Eby, the Board unanimously approved the Warrants presented. There was no public comment. Vote 5-0.

YES VOTES	NO VOTES	ABSENT
Directors Winn, Eby, Nelson, Vierheilig, and Harrison	None	None

01:37:03

E. ADMINISTRATIVE ITEMS

E-1) DISCUSS THE COLLECTION OF SUPPLEMENTAL WATER CAPACITY CHARGES FOR MULTIPLE USE DEVELOPMENT PROJECTS

Michael LeBrun, Interim General Manager, introduced the item designed to provide the Directors with an opportunity to review and discuss District procedures for collecting supplemental water capacity charges.

Jon Seitz, District Legal Counsel, explained the timing of the collection of the fees. Those fees collected help fund on-going and future water projects.

Mr. Seitz answered questions from the Board.

Lisa Bognuda, NCSD Finance Director, talked to the Board about the policy change that was adopted in April 2009. The policy change pertained to commercial projects being developed on more than one parcel.

The Board discussed the matter.

The following member of the public spoke:

Greg Nester, local developer and President of the Home Builders Association, discussed the financial challenges occurring at this time in relation to borrowing money for developments. He stated that he appreciates the Board's consideration

for developing property.

E-1) DISCUSS THE COLLECTION OF SUPPLEMENTAL WATER CAPACITY CHARGES
FOR MULTIPLE USE DEVELOPMENT PROJECTS (CONTINUED)

Mr. Seitz reviewed the direction from the Board to look into preparing a uniform policy
for all kinds of development.

APPROVE PURCHASE OF TRUCK AND VALVE EXERCISER

ITEM

APPROVE PURCHASE OF TRUCK AND VALVE EXERCISER [RECOMMEND APPROVAL]

BACKGROUND

In March of last year the Board reviewed a cost-benefit analysis which included out sourcing preventive maintenance work. The analysis was prepared assuming NCSD would hire two additional Utility Workers and purchase the equipment necessary to perform sewer cleaning, valve and hydrant exercising. The analysis illustrated that it is cost-effective for NCSD to perform this work in-house. A new full-sized truck and new valve exercising equipment were budgeted for purchase to facilitate this work.

Staff has researched the cost of a suitable pick-up truck which would provide support to the preventive maintenance staff while in the field exercising valves and hydrants. It was recommended that we purchase a $\frac{3}{4}$ ton truck to pull the valve-exercising equipment, which weighs approximately 7000 pounds.

Three auto dealers were contacted to provide quotes for a $\frac{3}{4}$ ton F-250 diesel truck: Mullahey Ford of Arroyo Grande, Paso Robles Ford, and Santa Maria Ford. Mullahey Ford has the lowest-priced truck available.

Two companies were contacted to provide quotes for automated valve-exercising equipment, E.H. Wachs, and Pacific Tek. The valve-exercising equipment is trailer mounted, and includes a small vacuum unit with a spoils tank for cleaning sand and debris from valve cans, as well as the valve-operating equipment and data loggers. Both products have the capabilities of storing the data received from the valve-exercising equipment. Both companies provided demonstrations of their product to District staff for evaluation.

District staff operated and evaluated each of the units and prefers the Wachs unit, due to the ease of operability and an additional feature which will greatly reduce valve breakage while exercising our older valves. The Wachs unit has an automation feature which monitors the torque applied to the valve and gradually increases the torque during valve exercising. The torque and number of turns required to exercise the valve is automatically saved in the database. The Pacific Tek unit, while quite similar, does not include this feature.

FISCAL IMPACT

The Fixed Asset Purchases for Fiscal Year 2009-2010 Budget included \$30,000.00 for a full sized pick up and \$50,000.00 for the valve exerciser for a total Budget amount of \$80,000.00.

RECOMMENDATION

The Staff recommends that your Honorable Board approve purchase of the valve exercising equipment from E.H. Wachs Company for \$47,071.69 and the ¾ ton F-250 truck from Mullahey Ford for \$30,147.97 for a total amount of \$77,219.66.

Dear Tina:

Thanks for the time you and your people spent with us last week to demonstrate our PT13 Long Reach Valve Operator and Vacuum system. The following is a quote per our conversation.

Pacific-Tek Model PT-135 Long Reach System consisting of: 100 gallon Power-Vac which is powered by a 20HP engine driving a 325 CFM positive displacement blower which produces 15" of vacuum. The unit incorporates a angled tank for dumping and includes a 3" dia. by 25 ft. flexible hose and non-conductive 3" by 6 ft. pickup tube. Three stage filtration with centrifuge filter can, hour and service interval meter, vacuum relief and gauge are all standard. Also Mounted on the unit is the **Pacific-Tek Model PT-13LR Long Reach Valve Operator** is designed to operate underground gate valves from 6 " to 60 ". It is a hydraulically driven powerhead capable of controlled output from 50 to 800 ft lbs. of torque at 0-40 RPM. It can be mounted on a truck or trailer by a steel square flange bolted down to the vehicle. The Powerhead has all of the controls mounted in easy reach of the operator, torque control, directional control, digital counter and the push button break system. The torque can be preset and unit will stop when that torque is reached. The rotating arms, which are rectangular, steel tubing with strong backs for support to allow the unit to extend out to 13 Ft from the truck or 11 feet on the trailer. The Long Reach will be retrofitted for our data collection program Infra Map GIS System. **PT-13-PU Power Unit** with a 11 HP gas engine with electric start, 8 GPM hydraulic pump all enclosed in a steel frame with a 19 gallon hydraulic tank .

Above equipment is mounted on a step deck tandem axle custom utility trailer with all standard highway equipment and electric brakes with a 3,500 lb. cap. with ball or pintle hitch.

Inframap "Enterprise" mapping and Data Collection System. System includes:

- Trimbal Yuma GPS hand held computer system
- Computer stand located at the PT-13
- Inframap "Enterprise" software loaded with (Nipomo) map and all available GIS information supplied by customer.
