DATE: FEBRUARY 3, 2012

**AGENDA ITEM
F
FEBRUARY 8, 2012**

GENERAL MANAGER'S REPORT

ITEM

Standing report to your Honorable Board -- *Period covered by this report is January 20, 2012 through February 3, 2012.*

DISTRICT BUSINESS

Administrative

- Operations recruitment;
 - Seven second interviews for the open Customer Service position are scheduled for February 6 and 7.
- Director Harassment Prevention training coordination – see handout
- SLOCO APCD Monitoring – see handout
- Industry News – City Borrowing Despite Debt Concerns
- CalRecycle January 24 and January 30 Memoranda

Meetings

Meetings attended:

- *A series of four Workshops on the Supplemental Water Project between January 30 and February 1, 2012. Schedule attached.*
- *January 24, Call with County Planning staff on Mesa Water resources status*
- *January 24, Call with Department of Fish and Game regarding SWP permitting*
- *January 25, Regular Board Meeting*
- *January 26, Operations Hiring Discussion*
- *January 26, Management Coordination*
- *January 27, Facilities Director Lucia Mar Unified School District on SWP Assessment*
- *January 27, General Counsel Coordination*
- *January 30, Board Officer Agenda Coordination*
- *February 1, Supervisor Teixeira on Supplemental Water Project*
- *February 2, RWQCB Meeting – Salinas CA*

Meetings Scheduled:

- *February 3, NMMA Technical Group*
- *February 3, SWP Partners*
- *February 6 & 7, Operations Interviews*
- *February 8, Regular Board Meeting*
- *February 9, Quarterly All Staff*
- *February 10, Hillside Terrace Apartments Development*

Other Scheduled:

- *General Manager will be out of office week of February 13, returning to work on February 20.*

Safety Program

No accidents, incidents, or injuries to report.

RECOMMENDATION

Staff seeks direction and input from your Honorable Board

Air Pollution Control District
San Luis Obispo County

January 17, 2012

Mike LeBrun, General Manager
Nipomo CSD
P.O. Box 326
Nipomo CA 93444

RECEIVED
JAN 19 2012
NIPOMO COMMUNITY
SERVICES DISTRICT

Subject: Community Monitoring Project – Request for Temporary Sampler Location

Dear Mr. LeBrun:

I am requesting permission to locate a temporary particulate matter sampler at the Nipomo CSD Sun Dale well location, 1604 Camino Caballo Nipomo. The sampler will be used in an upcoming community-based particulate matter study from March to May, 2012.

Project Purpose and General Information:

The San Luis Obispo County Air Pollution Control District (District) is conducting a short-term air quality monitoring project in the Nipomo Mesa neighborhoods during the spring wind season to enhance our understanding of the neighborhood impacts of airborne particulate matter (or PM) blowing off the Oceano Dunes. We are requesting the Nipomo CSD to allow us to temporarily locate a particulate matter sampler and meteorological instrumentation at the Sun Dale well location during the study. The monitor will collect data for three months (March, April & May).

The Community Monitoring Project will include:

- Placement of 14 to 20 air quality monitors in different areas on the Mesa and in Oceano throughout the study.
- Some monitors may be relocated to other areas for more comprehensive coverage during the study
- The initial installation of the monitors will be in February 2012; others will happen later on as monitors are rotated.
- Data collection will occur for three months (March, April and May).
- Samplers will be removed by mid-June.

The site will receive a pre-arranged visit from District staff to determine if the proposed location is suitable for the study. Our primary request is that the CSD allow a safe operational surrounding for the monitor and data integrity, as well as unrestricted APCD access to the equipment during normal business working hours.

Requirements:

Monitoring sites should provide acceptable distances from wind flow obstructions such as buildings and tall vegetation. The area must provide access to the instruments as required and have electrical power readily available.

Equipment concerns:

- Equipment power draw is less than operating a continuous 50 watt light bulb; at the current PG&E rate the electrical cost for 24 hours will be 24 cents.
- Staff will make certain the equipment installation is safe and will not cause any damage to the host's property. The APCD has adequate property insurance coverage in the unlikely event that unforeseen property damage occurs.
- Expected staff visits to maintain equipment will occur approximately once every 2 weeks; however, more frequent visits may be necessary in some instances to perform equipment repairs and/or to assure the quality of data.

Reimbursement:

A small stipend will be provided to cover the costs of electrical power use by the equipment. These funds will be provided once consent is given.

To obtain more detailed information about this project, please contact our staff or contractor directly responsible for the site visits and the equipment:

- Mr. Jaime Contreras, APCD staff: 805-781-4668.
- Mr. Joel Craig, APCD contractor: 805-712-5701.

I look forward to your response and to working with your staff on this important project.

Very truly yours,

LARRY ALLEN
Air Pollution Control Officer

ESCONDIDO: City borrowing \$76M despite long-term debt concerns

By DAVID GARRICK dgarrick@nctimes.com | Posted: Friday, January 27, 2012 9:00 pm

- [ESCONDIDO: Council hikes water rates 12 percent, but spares farmers](#)
- [ESCONDIDO: City endorses plan to convert sewage into drinking water](#)
- [ESCONDIDO: City planning \\$71 million in sewer, water upgrades](#)
- [ESCONDIDO: City gets \\$15M for crucial Wohlford Dam upgrade](#)

Despite concerns about saddling Escondido's 26,000 water and sewer customers with significant long-term debt, the City Council voted unanimously this week to sell \$76 million in bonds for water and sewer infrastructure upgrades that city officials called crucial.

Mayor Sam Abed questioned whether the expenditures were truly necessary during the council debate Wednesday, reminding his colleagues that struggling families across the city would face sharp rate hikes to cover the new debt.

Partly because of the debt, water rates increased between 12 percent and 14 percent this winter and are scheduled to go up about 10 percent each year through 2015, while sewer rates are scheduled to increase 6 percent per year in 2013, 2014 and 2015.

A 12 percent water hike increases the bill for a typical Escondido family by \$5.84 per month. A 6 percent sewer hike equals about \$3 per month for typical customers.

"I want us to be aware of the magnitude of the decision we are making," Abed told his colleagues. "I don't think we've ever voted to take on \$76 million in debt on this council."

But City Manager Clay Phillips assured Abed and the rest of the council that the upgrades ---- new pipelines, reservoirs and equipment ---- were absolutely necessary.

"The city is risk-averse," said Phillips, adding that the proposed upgrades had been thoroughly analyzed by outside consultants and Utilities Department employees. "We don't go out and issue debt willy-nilly. Quite frankly, we have very limited debt compared to other cities."

Chris McKinney, Escondido's utilities director, said the infrastructure upgrades would be far less expensive than spending an estimated \$400 million to widen outdated pipes that carry partially treated sewage from Escondido to the ocean, which might be required if the upgrades don't happen.

And that approach, which has been described as "building a wider trash can," could also lead to environmental problems and fines for the city.

Councilman Mike Morasco endorsed McKinney's position.

"It's going to be debt one way or the other," he said.

Councilwoman Marie Waldron said the city would probably reap savings from the upgrades equal to their cost, or possibly even larger. She said an example was efforts to upgrade Lake Wohlford Dam, which would allow the city to store more water and possibly lower rates for city residents.

And Councilwoman Olga Diaz noted that only \$58 million of the \$76 million in new debt was for upgrades, because \$18 million will be used to pay off bonds with higher interest rates that the city sold a decade ago.

McKinney said low interest rates make this a great time to sell bonds, estimating that the bonds would be sold in March.

Water debt would increase from \$51 million to \$67 million, with annual debt service climbing from \$3.4 million to \$4.6 million. Sewer debt would increase from \$53 million to \$84 million, with annual debt service on water debt climbing from \$5.2 million to \$6.8 million.

One of the water projects covered by the new debt is moving water distribution staff to a new facility for \$4.2 million. City officials hope to move the employees to city-owned land near the Humane Society where the Charros equestrian group stages rodeos, but that plan has prompted a public outcry.

Other water projects include \$6.5 million for on-site chlorine generation, \$2 million for the Vista Verde Reservoir, \$5 million for the cemetery water line, \$1 million for the Wohlford Dam upgrade and \$1.5 million for the Lindley Reservoir replacement.

Sewer projects include \$7 million for building upgrades at the city's sewer treatment plant on Hale Avenue, \$6 million for an influent pump, \$3.5 million for the west side lift station, \$3.5 million for an easterly main extension, \$2 million for an easterly pump station and \$3.5 million for odor control devices.

Councilman Ed Gallo said he could personally testify to the need for the odor control devices based on time he's spent near the Hale Avenue plant.

"If you've ever been outside that facility, it's not a lot of fun," he said.

DEPARTMENT OF RESOURCES RECYCLING AND RECOVERY

801 K-STREET, MS 19-01, SACRAMENTO, CALIFORNIA 95814 • (916) 322-4027 • WWW.CALRECYCLE.CA.GOV

January 24, 2012

Cold Canyon Land Fill Inc
P O Box 1268
San Luis Obispo, CA 93406

Curbside Supplemental Payment for calendar year ("CY") 2010 for:
Cold Canyon Land Fill Inc (CS1051)

The Department of Resources Recycling and Recovery (CalRecycle) is making curbside supplemental payments pursuant to Public Resources Code §14549.6(a). As an eligible curbside operator, the payment in the amount of **\$37,902.11** is being sent to you as the operator of the curbside program for the Nipomo Community Services District.

Your payment represents the curbside supplemental payment program's share of \$15 million to be distributed for CY 2010. The payment is based on the volume of beverage containers reported to CalRecycle by your operation for the period of January 1, 2010 through December 31, 2010. CalRecycle derived the rate of \$0.0108817367 per beverage container by dividing the total volume of beverage containers collected by all eligible curbside and neighborhood drop-off programs into the proportionally reduced \$15 million. Statute requires operators of the curbside and neighborhood drop-off programs to expend the payment for activities related to beverage container recycling.

If you have any questions regarding this payment, please contact Hieu Le in the Market Information Section at (916) 323-5778.

Sincerely,

A handwritten signature in black ink that reads "Mike Miller".

Mike Miller
Operations Section Manager

NOTICE**To: All Interested Parties****Subject: 2012 Refund Value per Segregated Pound, Refund Value per Commingled Pound and Containers per Segregated Pound Rates**

RECEIVED
FEB - 1 2012
NIPOMO COMMUNITY
SERVICES DISTRICT

This notice is to inform you of changes in the refund value per segregated pound rates as well as statewide and individual refund value per commingled pound rates for each type of recycling program. Refund value per commingled pound rates are set each year to reflect the percentage of California Redemption Value (CRV) containers in loads of recyclables containing both CRV and non-CRV containers and are the basis for proper payment of CRV for such loads.

New rates for aluminum, glass, plastic, and bimetal beverage containers will be effective March 1, 2012, pursuant to the annual calculation requirement in Public Resources Code Section 14549.5.

Attachment 1 reflects the refund value per pound and containers per pound rates by program type. Table 1 applies only to recycling centers where individual transactions take place. Table 2 applies only to material redeemed through reverse vending machines. Tables 3, 4, and 5 are for curbside programs, certified drop-off or collection programs, and community service programs, respectively.

Attachment 2 is a refund value conversion chart intended only for use by recycling center operators, which reflects the refund values to be paid for consumer transactions. This chart is designed to determine the refund value based on weight received, rounded to the nearest one-tenth pound. This chart is not to be used for curbside, drop-off or collection, and community service program transactions, or materials redeemed through a reverse vending machine.

Curbside, drop-off or collection, and community service programs may exercise their option of conducting an individual commingled rate study to determine rates solely for their program(s).

Attachment 3 specifies the 2012 Individual Commingled Refund Values per Pound and should be used to determine proper payment to applicable curbside, drop-off or collection, and community service programs.

Individual commingled rates are applicable to specific material types (i.e., aluminum, glass, PET plastic, and HDPE plastic).

**PAYMENT OF CALIFORNIA REFUND VALUE
EFFECTIVE DATE: MARCH 1, 2012**

California Code of Regulations, Title 14, Section 2500(e), requires recycling centers to post the following refund prices by weight or by container and by material type.

Table 1. ALL RECYCLING CENTERS			
Material Type	(A) Containers Per Segregated Pound	(B) Refund Value Per Segregated Pound	(C) Refund Value Per Commingled Pound
Aluminum	28.7	\$1.57	\$1.46
Glass	1.86	\$0.105	\$0.066
#1 PET Plastic	15.7	\$1.00	\$0.74
#2 HDPE (High Density Polyethylene)	6.8	\$0.57	\$0.22
#3 PVC (Vinyl)	26.7	\$1.33	Segregated Only
#4 LDPE (Low Density Polyethylene)	37.5	\$1.87	Segregated Only
#5 PP (Polypropylene)	8.9	\$0.45	Segregated Only
#6 PS (Polystyrene)	112.4	\$5.62	Segregated Only
#7 Other (includes pouches and unspecified resins)	3.7	\$0.33	Segregated Only
Bimetal	5.8	\$0.30	Segregated Only

Table 2. REVERSE VENDING MACHINES ONLY*			
Material Type	Containers Per Segregated Pound	Refund Value Per Segregated Pound	Refund Value Per Commingled Pound
Aluminum	29.9	\$1.58	\$1.55
Glass	2.04	\$0.109	\$0.108
PET Plastic	21.2	\$1.22	\$1.17

Table 3. CURBSIDE PROGRAMS ONLY			
Material Type	Containers Per Segregated Pound	Refund Value Per Segregated Pound	Refund Value Per Commingled Pound
Aluminum	29.8	\$1.55	\$1.43
Glass	1.90	\$0.105	\$0.041
PET Plastic	13.7	\$0.92	\$0.51
HDPE Plastic	5.3	\$0.47	\$0.05

Table 4. DROPOFF or COLLECTION PROGRAMS ONLY			
Material Type	Containers Per Segregated Pound	Refund Value Per Segregated Pound	Refund Value Per Commingled Pound
Aluminum	28.3	\$1.50	\$1.45
Glass	1.93	\$0.105	\$0.045
PET Plastic	14.2	\$0.91	\$0.64
HDPE Plastic	6.0	\$0.53	\$0.04

Table 5. COMMUNITY SERVICE PROGRAMS ONLY			
Material Type	Containers Per Segregated Pound	Refund Value Per Segregated Pound	Refund Value Per Commingled Pound
Aluminum	28.7	\$1.48	\$1.43
Glass	1.97	\$0.104	\$0.061
PET Plastic	15.5	\$0.94	\$0.75
HDPE Plastic	6.6	\$0.52	\$0.09

* For machines intake volumes only.

Note: The containers that produce the Containers Per Segregated Pound (CPP) in column (A) vary in size. Consequently, the refund value is \$0.05 for some containers (<24 oz.) and \$0.10 for others (≥24 oz.). Therefore, one cannot simply multiply the CPP average by either refund value to get the Refund Value Per Segregated Pound rates, column (B).

Updated: January 30, 2012 (for effective date)

**California Refund Value (CRV) Per Pound:
Conversion Chart for Recycling Centers Only
Effective Date: March 1, 2012**

How to use this chart:

- 1: Determine weight of customer's load.
- 2: Find the number of "WHOLE POUNDS" on the chart.
- 3: Look across the chart under the material type being weighed.
Note the amount paid in CRV for that many whole pounds.
- 4: Find the amount of the customer's load that is a fraction of a pound ("TENTHS OF A POUND") and note the amount paid for CRV for that part of the load.
- 5: Add the two amounts.

Note:

For loads containing one (1) CRV container, determine payment based on count.
For loads containing two (2) CRV containers or more, payment can be determined using this chart.
