**CONSIDER TERMINATION FOR CONVENIENCE OF THE
CONSTRUCTION CONTRACT FOR SUPPLEMENTAL WATER
PROJECT PHASE 1, BID PACKAGE 3**

ITEM

Consider termination for convenience of the construction contract for Supplemental Water Project Phase 1, Bid Package 3 with Specialty Construction [RECOMMEND AUTHORIZE TERMINATION OF CONTRACT]

BACKGROUND

On June 20, 2013, your Board awarded construction contracts for a portion of the Supplemental Water Project Phase 1 to Specialty Construction Inc. Attachment A is an excerpt from the awarded contract, Specification Section 007200-15.3 Termination of Agreement by Owner for Convenience.

FISCAL IMPACT

The contract award for Supplemental Water Project Phase 1 was \$3,007,897. Approximately 5% of the contract value (materials and labor) have been completed by the contractor to date. The contractor has ordered and taken delivery of pipe and other miscellaneous materials required for the project. The District will pay for material that meets the contract requirements and store it until this scope of work is performed.

In accordance with the contract, the contractor may request payment for completed and acceptable work, reasonable expenses incurred prior to the effective date of contract termination, and costs arising from the termination.

The District will incur additional engineering, construction management and legal cost in connection with the termination, and to revise and rebid the contract.

The cost of continuing the project with the current contract documents is difficult to assess but could far exceed the more tangible costs outlined above.

RECOMMENDATION

Your Board, by motion and roll call vote, approve Resolution 2014-1329 Contract Termination, and direct staff to provide seven-day written notice of termination for convenience to the contractor and engineer in accordance with the contract requirements.
