AMEND CASH RESERVE POLICY

ITEM

Amend Cash Reserve Policy to reconcile with Rate Study [RECOMMEND BY MOTION AND ROLL CALL VOTE, ADOPT RESOLUTION AMENDING CASH RESERVE POLICY]

BACKGROUND

If approved, Water Rate and Capacity Charge Study – September 2014, recommends increasing Water Fund #125 reserves from 180 days of budgeted operating expenses to 360 days in part due to concerns for loss of water sales revenue related to drought.

FISCAL IMPACT

Conservative rate setting is the cornerstone of fund stability and financial fitness. Each of the District's funds (eg. water, sewer, lighting) receives 100% of its funding from the customers who receive the related service.

STRATEGIC PLAN

Goal 4. FINANCE. Maintain conservative, long-term financial management to minimize rate impacts on customers while meeting program financial needs.

RECOMMENDATION

If Water Rate and Capacity Charge Study – September 2014 is approved, by motion and roll call vote adopt resolution approving amended Cash Reserve Policy.

PURPOSE

A key element of prudent financial planning is to ensure that sufficient funding is available for current operating, capital and debt service needs. Additionally, fiscal responsibility requires anticipating the likelihood of, and preparing for, unforeseen events. Nipomo Community Services District (District) will strive at all times to have sufficient funding available to meet its operating, capital and debt service obligations as well as to protect its creditworthiness. The District is committed to maintaining a financial structure that provides adequate and predictable revenues at the lowest possible cost to meet forecasted needs and operational objectives.

It should be noted that the District has a Debt Management Policy that establishes parameters for evaluating, issuing and managing the District's debt. The District's Debt Management Policy should be considered prior to committing to any new financial obligations.

The adequacy of the targeted cash reserve year-end balance ranges and/or annual contributions to each fund will be reviewed annually during the budgeting process or when a major change in conditions threatens the reserve levels established within this policy.
