FINANCIAL AUDIT REPORT FOR FISCAL YEAR 2013-2014

ITEM

Review financial Audit Report for Fiscal Year 2013-2014 [RECOMMEND BY MOTION AND ROLL CALL VOTE ACCEPT AND DIRECT STAFF TO FILE 2013-2014 AUDIT REPORT]

BACKGROUND

The District is required by law to have an independent audit performed annually on its financial statements. Robert Crosby, Certified Public Accountant, of Crosby Company conducted the annual audit for the fiscal year ending June 30, 2014, in accordance with Generally Accepted Accounting Principles.

The audit report has been completed in the Comprehensive Annual Financial Report (CAFR) format. The completed audit will be submitted to the Government Finance Officers Association (GFOA) for review and consideration for a Certificate of Achievement for Excellence in Financial Reporting. The District received this prestigious award last year for its 2012-2013 CAFR.

On October 9, 2014, the Finance and Audit Committee (Director Vierheilg and Director Armstrong), Mr. Crosby, and District Staff met and reviewed the report in detail.

Mr. Crosby will present the attached audit report to your Honorable Board and will answer any questions you may have regarding the audit.

RECOMMENDATION

Upon completion of the presentation and public comments, a motion would be in order to accept and file the Audit Report for Fiscal Year 2013-2014.

August 14, 2014

To the Board of Directors and Citizens of the Nipomo Community Services District:

California law requires that every local government publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2014.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Crosby Company, Certified Public Accountant, have issued an unqualified ("clean") opinion on the Nipomo Community Services District's financial statements for the year ended June 30, 2014. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the District

Nipomo Community Services District ("District") was organized January 28, 1965 under the provisions of the California Community Services District Law (Sections 61000 et seq. of the Government Code of the State of California) for purposes of supplying water for domestic, irrigation, sanitation, industrial, commercial, recreation and fire suppression use. The District is located off of Highway 101 on the central coast of California between San Francisco and Los Angeles, in San Luis Obispo County. The District includes approximately 4,450 acres of land comprising seven square miles. The District's service area includes portions of the unincorporated area of Nipomo and currently serves a population of approximately 11,850 and provides water service to approximately 4,300 customers and provides sewer service to approximately 3,500 customers under two separate wastewater systems, the Town Sewer Division and the Blacklake Sewer Division.

The District has operated under the board-general manager form of government since its inception. Policy-making and legislative authority are vested in a governing board (Board)

consisting of five members elected on a non-partisan basis by qualified voters in the District to four-year terms. Board members serve overlapping four-year terms. The Board employs the General Manager who is responsible for carrying out the policies of the Board, for overseeing the day-to-day operations of the District and the hiring of all District employees.

Under law, community services districts may perform a variety of municipal services if authorized to do so by the residents thereof. The District provides water, sewer, solid waste, limited street lighting, limited street landscape maintenance and limited drainage and general administrative services.

The District's Board annually adopts a budget prior to the new fiscal year. The budget authorizes and provides the basis for reporting, control of financial operations and accountability for the District's enterprise operations and capital projects. Quarterly financial reports are also presented to the Board.

Economic Conditions

The economy continues to recover at a slow pace in San Luis Obispo County. Nipomo is considered a "bedroom" community with limited commercial development. Residents generally work and shop to the north in Arroyo Grande or San Luis Obispo or to the south in Santa Maria which is located in Santa Barbara County.

Residential water and sewer connections increased modestly during FY 2013-2014.

Relevant Financial Policies

The Board formally adopted a Cash Reserve Policy on December 12, 2012 to ensure that sufficient funding is available for current and future operating, capital and debt service needs. As part of this policy, the District approved and funded Water and Sewer Rate Stabilization Funds.

Major Initiatives

The District is under construction to build Phase 1 of the Supplemental Water Project. Phase 1 improvements will interconnect the District's water distribution system with the water distribution system of the City of Santa Maria. The Phase 1 improvements will be capable of initially delivering 650 Acre Feet per Year (AFY) of supplemental water to the District increasing to a potential of approximately 1,000 AFY of supplemental water depending on flow control adjustments. Deliveries of water are expected to begin Summer 2015.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a *Certificate of Excellence in Financial Reporting* to Nipomo Community Services District for its comprehensive annual financial report for the fiscal year ended June 30, 2013. This was the first year that the District achieved this prestigious award. In order to be awarded a Certificate of Achievement, the District had to publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement

Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of this report was accomplished by the combined efforts of District staff. We appreciate the dedicated efforts and professionalism that our staff members bring to the District. We would also like to thank the members of the Board of Directors for their continued support in the planning and implementation of the Nipomo Community Services District's fiscal policies.

Respectfully submitted,

Michael S. LeBrun

Independent Auditor's Report

To the Management of
Nipomo Community Services District
Nipomo, California 93444

Report on the Financial Statements

I have audited the accompanying financial statements of the business-type activities of the Nipomo Community Services District (the District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District, as of June 30, 2014, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Other Matters
Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 15 through 19, and the schedule of funding progress listed on page 44, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplemental Information

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Nipomo Community Services District basic financial statements. The combining financial statement schedules listed in the table of contents are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

August 14, 2014

Nipomo Community Services District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014

The following Management's Discussion and Analysis (MD&A) of activities and financial performance of the Nipomo Community Services District (District) provides an introduction to the financial statements of the District for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with the basic financial statements and related notes, which follow this section.

Financial Highlights

- The District's Net Position increased 7.2% to \$62 million.
- During the year the District's operating revenue increased 6%, while operating expenses increased 7.5%.
- The District was awarded a grant of \$2.2 million to aid in construction of the Supplemental Water Project Phase 1.

Required Financial Statements

This annual report consists of a series of financial statements. The Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position and Statements of Cash Flows provide information about the activities and performance of the District using accounting methods similar to those used by private sector companies. It also provides the basis for computing rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District.

All of the audited year's revenue and expenses are accounted for in the Statements of Revenues, Expenses and Changes in Net Position. This statement measures the success of the District's operations over the past year and can be used to determine if the District has successfully recovered all of its costs through its rates and other charges. This statement can also be used to evaluate profitability and credit worthiness.

The final required financial statement is the Statements of Cash Flows, which provides information about the District's cash receipts, cash payments and net changes in cash resulting from operations, investing, non-capital financing, and capital and related financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

Financial Analysis of the District

One of the most important questions asked about the District's finances is, "Is the District, as a whole, better off or worse off as a result of this year's activities?" The Statements of Net Position and the Statements of Revenues, Expenses and Changes in Net Position report information about the District in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most

Nipomo Community Services District
Management's Discussion and Analysis
 For the Fiscal Year Ended June 30, 2014

private sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid. These two statements report the District's net position and changes in net position. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider other non-financial factors such as changes in economic conditions, population growth, zoning, and new and changed government legislation.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the basic financial statements can be found on pages 24 through 41.

The District received "AA" ratings from Standard & Poor's on the Certificates of Participation 2013, Refunding Revenue Bonds Series 2013A and the Certificates of Participation Series 2012.

Additional information on long term debt is presented in Note 5 of the Notes to Basic Financial Statements.

Economic Factors and Next Year's Budgets and Rates

The District has experienced slow steady growth this past year which is expected to continue over the next 5 years. The pace of growth may increase as the economy recovers. This growth creates increased demand for water supply, wastewater treatment capabilities and additional capital facilities.

The fiscal year 2013-2014 Budget included continued construction of the Southland Wastewater Treatment Facilities Upgrade and initiation of the construction of Phase 1 of the Supplemental Water Project.

Nipomo Community Services District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2014

The water enterprise is in the third year of a rate schedule initiated in November 2011. The schedule provides for a 9.5% rate increase in each of the five years. The District is currently considering revising the water rate structure to take into account increased operations and maintenance costs as well as costs which will be incurred when supplemental water deliveries commence in 2015. The Town Division wastewater enterprise has not had a rate increase since January 1, 2010. The Blacklake Sewer Division has not had a rate increase since January 1, 2013. Upon completion of the Southland Wastewater Treatment Facility Upgrade and completion of the Blacklake Sewer Master Plan, the District will complete a sewer rate study for each sewer enterprise.

Requests for Information

This financial report is designed to provide the District's elected officials, customers, investors, creditors and other interested parties with an overview of the District's financial condition, as well as insight into current fiscal practices and management. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the District's Finance Department, at 148 South Wilson Street, Nipomo, CA 93444 or (805) 929-1133.

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Nipomo Community Services District (District) is a multi-purpose special district and was formed on January 28, 1965 and began operations in November 1966. The District is a political subdivision of the State of California and operates under a Board of Directors – General Manager form of government. The District provides water, sewer, street lighting, solid waste, street landscape maintenance, drainage and general administrative services.

The District complies with U.S. Generally Accepted Accounting Principles (GAAP) and all relevant U.S. Governmental Accounting Standards Board (GASB) pronouncements. These technical pronouncements establish criteria for determining the organization's activities and functions that are included in the financial statements of a governmental unit. The proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

Comparative Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information is presented for comparative purposes only. Additional detailed information is presented in the prior year financial statements from which the summarized information was derived.

Reporting Entity

For financial reporting purposes, the District would include in this report all funds and account groups of all agencies and boards that are controlled by, or dependent upon, the District's legislative body. The criteria of control is determined on the basis of financial accountability, imposition of will, and financial benefit or burden.

The Nipomo Community Services District Public Facilities Corporation is a component unit of the District. This Corporation was formed in 2003 to issue Revenues Certificates of Participation (COP'S). COP's were issued in 2003, 2012 and 2013. The financial activity of the corporation is blended into the financial statements of the District.

The District is a member of the Special District Authority Risk Management Joint Powers Agency, which was organized for the purpose of providing general liability, automobile, errors and omissions, and property loss insurance coverage to special districts. This organization is financed through premium charges to each member. This organization does not meet the aforementioned reporting entity criteria and therefore is not included in the accompanying financial statements.

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Proprietary Fund Financial Statements

The accounts of the District are organized into proprietary/enterprise funds. Enterprise funds use the economic resources measurement focus. The accounting objectives are a determination of net income, financial position, and cash flows. All assets and liabilities associated with an enterprise fund's activities are included on the balance sheet.

Basis of Accounting

The enterprise funds of the District are accounted for using the accrual basis of accounting. Revenues, including user fees and service charges, are recognized when earned, and expenses are recognized when incurred.

Budgets and Budgetary Accounting

An annual budget is adopted by the Board of Directors at the start of each fiscal year. Any changes or revisions to that budget throughout the year must be approved by the Board of Directors.

Estimates

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating Revenues and Expenses

Operating revenues, such as charges for services (water and wastewater fees) result from exchange transactions associated with the principal activities of the District. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as property taxes and investment income, result from non-exchange transactions or ancillary activities in which the District gives (receives) value without directly receiving (giving) equal value in exchange.

Operating expenses include the cost of sales and services, administrative expenses and depreciation on capital assets. All expenses not meeting this definition are reported as non-operating expenses.

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

For purposes of the statements of cash flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Accounts Receivable

Water and sewer charges are billed bi-monthly for all residential and commercial customers. Customer accounts receivable are placed on the tax roll when the receivable is deemed uncollectible by the District. The District did not experience any significant bad debt losses and therefore a zero provision has been made for doubtful accounts. Accounts receivable is shown at full value.

Due from the State

A Funding Agreement with the San Luis Obispo County Flood Control and Water Conservation District and the California Department of Water Resources resulted in the District being awarded a grant of \$2,200,000 for the Supplemental Water Project. Receipt of the full grant is contingent upon the District providing a Cost Share (Funding Match) estimated to be \$9,124,000.00. The project will be completed in the next fiscal year.

Capital Assets

All fixed assets are valued at historical cost or estimated historical cost if actual costs are not available. Other donated fixed assets are valued at their estimated fair market value on the date received. The capitalization threshold for all capital assets is \$5,000. Depreciation has been provided over the estimated useful life of the asset using the straight-line method. The estimated useful lives are as follows:

Wastewater Treatment Plant and Collection System	50 years
Water Supply/Distribution System	20-50 years
Buildings/Blowers	20 years
General Plant Machinery and Equipment	5-10 years

Compensated Absences

Depending on the length of continuous services, a range of 10-20 vacation and 12 days of sick leave per year may be accumulated by each employee. The District accrues a liability for compensated absences which meet the following criteria:

1. The District's obligation relating to employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation relates to rights that vest or accumulate.

NIPOMO COMMUNITY SERVICES DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Payment of the compensation is probable.
4. The amount can be reasonable estimated.

In accordance with the above criteria, the District has accrued a liability for vacation and sick pay which has been earned, but not taken by District employees.

Capital Contributions and Grants

Capital contributions are recorded when cash for capacity fees or fixed assets is received from developers, customers, or other governmental entities, and the purpose is for other than operating expenses.

Property Taxes

The County of San Luis Obispo bills and collects property taxes for the District. The County charges the District for these services. Tax revenues are recognized by the District in the year received.

Future Government Accounting Standards Board (GASB) Statements

GASB Statements Nos. 68-71 listed below will be implemented in future financial statements:

Statement No. 68	Accounting and Financial Reporting for Pension Plans-an amendment of GASB Statement No. 27	The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2014.
Statement No. 69	Accounting and Financial Reporting for Government Combinations and Disposals of Government Operations	The provisions of this Statement are effective for financial statements beginning after December 15, 2013.
Statement No. 70	Accounting and Financial Reporting for Non-exchange Financial Guarantees	The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2013.
Statement No. 71	Pension Transition for Contributions Made after the Measurement Date of a Government's beginning net pension	The provisions of this Statement are effective simultaneously with the provisions of Statement 68.

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2014

NOTE 2: CASH AND CASH EQUIVALENTS

The values of cash and cash equivalents at June 30, 2014 are summarized as follows:

Cash on hand	\$	350
Bank deposits		488,887
Deposits with bond trustees		2,685,683
Cash and investments in pooled funds		20,628,769
Less: Cash held in Trust in pooled funds		<u>(80,704)</u>
 Total	 \$	 <u>23,772,985</u>

The California Government Code requires California banks and savings and loan associations to secure a district's deposits by pledging government securities as collateral. The market value of pledged securities must equal at least 110% of a district's deposits. California law also allows financial institutions to secure district deposits by pledging first trust deed mortgage notes having a value of 150% of a district's total deposits. The District may waive collateral requirements for deposits which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC).

Credit Risk, Carrying Amount, and Market Value

Cash is classified in three categories of credit risk as follows:

- Category 1 -insured or collateralized with securities held by the entity or by its agent in the entity's name;
- Category 2 -collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name; and
- Category 3 -uncollateralized.

Investments in pools managed by other governments, Local Agency Investment Fund (LAIF), or in mutual funds are not required to be categorized.

As of June 30, 2014, the carrying amount of the District's cash deposits was \$3,174,570. The bank's balance was \$3,280,323. This difference is due to the normal deposits in transit and outstanding checks. District cash deposits by category as of June 30, 2014, are as follows:

	<u>1</u>	<u>Category</u> <u>2</u>	<u>3</u>	<u>Bank</u> <u>Balance</u>	<u>Carrying</u> <u>Amount</u>
Bank accounts	\$ 3,280,323	\$ -0-	\$ -0-	\$ 3,280,323	\$ 3,174,570

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2014

NOTE 3: INVESTMENTS

Investments Authorized by the District's Investment Policy

The District is authorized to invest in the following institutions:

1. County pooled funds (California Government Code Section 61730)
2. The Local Agency Investment Fund (LAIF) created by the California State Treasury (California Government Code Section 16429.1)
3. One or more FDIC insurance banks and/or savings and loan associations that are designated as District depositories by resolution of the Board of Directors (California Government Code Section 61737.02)
4. Such other financial institutions or securities that may be designated by the Board of Directors from time to time in compliance with California and Federal law.

The District's investment policy contains specific provisions intended to limit the District's exposure to interest rate risk, credit risk, and concentration of credit risk.

Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>
Money Market Mutual Funds	N/A

Disclosure Relating to Interest Rate Risk

Interest rate risk is the risk that changes in the market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The weighted average maturity of the investment contained in the LAIF investment pool is approximately 9 months.

Information about the sensitivity of the fair values of the District's investment to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

		<u>Maturity Date</u>
State investment pool	\$ <u>20,628,769</u>	9 months average maturity

NIPOMO COMMUNITY SERVICES DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2014

NOTE 3: INVESTMENTS (continued)

Investment in State Investment Pool

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the entity's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized costs basis.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. LAIF does not have a rating provided by a nationally recognized statistical rating organization.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by the state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit).

The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgages notes having a value of 150% of the secured public deposits.

The custodial risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 3: INVESTMENTS (continued)

Concentration of Risk

The District's investment policy does not contain various limitations on the amounts that can be invested in any one governmental agency or non-governmental issuer as stipulated by the California Government Code. As of June 30, 2014 the District's deposit portfolio with government agencies, LAIF, was 100%.

NOTE 4: CAPITAL ASSETS

Changes in capital Assets for the current year were as follows:

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2014

NOTE 5: LONG TERM DEBT

Long term debt consisted of the following:

	Balance at June 30, <u>2013</u>	<u>Payments</u>	Balance at June 30, <u>2014</u>
<u>Certificates of Participation</u>			
The District issued \$9,660,000 of Revenue Certificate of Participation (COP's) on June 21, 2013. The proceeds are to be used for the Supplemental Water Project Phase 1. The COP's bear interest ranging from 1.0% to 4.625% per annum. Principal is to be paid annually starting September 1, 2014 through September 1, 2043. Annual principal payments range from \$135,000 to \$725,000.	\$ 9,660,000	\$ -	\$ 9,660,000
The District issued \$9,795,000 of Revenue Certificate of Participation (COP's) to be used for Southland Wastewater Treatment Facility Upgrade. The COP's bear interest ranging from 2.00% to 4.125% per annum. Principal is to be paid annually starting June 1, 2013 through June 1, 2042. Annual principal payments range from \$145,000 to \$225,000.	9,635,000	(145,000)	9,490,000
<u>Revenue Bonds</u>			
The District issued \$2,845,000 of Refunding Revenue Bonds, Series 2013A on May 30, 2013. The proceeds were used to refund the Revenue Certificate of Participation (COP's) that were originally issued on May 1, 2003. The Refunding Revenue Bonds bear interest ranging from 3.7% to 4.8% per annum. Principal is to be paid annually starting September 1, 2014 through September 1, 2032. Annual payments range from \$100,000 to \$210,000.	2,845,000	-	2,845,000
<u>Notes Payable</u>			
The District adopted a water rate adjustment and Buy-In Charge of \$277,742 for the merger of Blacklake and Town Water Division on June 1, 2009, for the purposes of meeting operation, maintenance and capital replacement expenses for providing water service for the merged water systems. A loan of \$222,243 shall be repaid through a bi-monthly surcharge applied to Blacklake customers' water utility bills for a ten year period with interest rate at 3%. Annual principal payments range from \$19,353 to \$25,313.	141,233	(21,815)	119,418

NOTE 5: LONG TERM DEBT (continued)

	<u>Balance at June 30, 2013</u>	<u>Payments</u>	<u>Balance at June 30, 2014</u>
<u>Notes Payable (continued)</u>			
The District entered into an Inter-Fund Loan for \$275,000 on April 1, 2009, with the Blacklake Sewer Division for the operation, maintenance and the replacement of existing sewer facilities. A loan of \$206,501 shall be repaid through a bi-monthly surcharge applied to Blacklake customers' sewer utility bills for a ten-year period with interest rate at 3.5%. Annual principal payments range from \$17,624 to \$20,024.	128,830	(20,265)	108,565
<u>State Revolving Fund Loans</u>			
The District entered into a loan contract for \$697,367 on April 30, 1998 with the State Water Resources Control Board for the construction of the Southland Wastewater Treatment Plant Expansion – Phase I. The loan was funded during the year ended June 30, 1999. Loan interest is zero percent, however, a loan fee of 16.667% was charged. The loan is payable over 20 years. It calls for annual payments of \$34,868 starting May 1, 2000.	209,210	(34,868)	174,342
The District entered into a loan contract for \$843,605 on February 24, 1999 with the State Water Resources Control Board for the construction of Southland Wastewater Expansion-Phase II. The loan was funded during the year ended June 30, 2000. The loan interest is zero percent, however, a loan fee of 16.667% was charged. The loan is payable over 20 years. It calls for annual payments of \$42,180 starting March 1, 2001.	295,262	(42,180)	253,082

	Totals	<u>\$ 13,802,081</u>

NIPOMO COMMUNITY SERVICES DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2014

NOTE 7: JOINT POWERS AUTHORITY

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the Special District Risk Management Authority (SDRMA), an intergovernmental risk sharing joint powers authority created to provide self-insurance for California special districts. The purpose of the SDRMA is to arrange and administer programs of self-insured losses and to purchase excess insurance coverage. At June 30, 2014, the District participated in the liability and property programs of the SDRMA as follows:

General Liability: Special District Risk Management Authority, coverage number LCA SDRMA 201314. This covers \$10,000,000 per occurrence.

Public Officials and Employees Errors: Special District Risk Management Authority, coverage number LCA SDRMA 201314. This covers \$10,000,000 per occurrence/general aggregate.

Personal Liability Coverage for Board Members: Special District Risk Management Authority, coverage number LCA SDRMA 201314. This covers \$500,000 per occurrence/general aggregate.

Employment Practices Liability: Special District Risk Management Authority, coverage number LCA SDRMA 201314. This covers \$10,000,000 per wrongful employment practice/aggregate limits per member.

Employee Benefits Liability: Special District Risk Management Authority, coverage number LCA SDRMA 201314. This covers \$10,000,000 per occurrence/general aggregate.

Employee Dishonesty Coverage: Special District Risk Management Authority, coverage number EDC SDRMA 201314. This policy includes a \$400,000 Public Employees Dishonesty Blanket Coverage.

Auto Liability: Special District Risk Management Authority, coverage number LCA SDRMA 201314. This policy covers \$10,000,000 per occurrence with personal injury and property damage.

Automobile Physical Damage: Special District Risk Management Authority, coverage number LCA SDRMA 201314. The coverage is on file with SDRMA.

Uninsured/Under Insured Motorist: Special District Risk Management Authority, coverage number UMI SDRMA 201314. This covers \$750,000 each accident.

Trailer Coverage: District Risk Management Authority, coverage number LCA SDRMA 201314. The coverage is on file with SDRMA.

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 7: JOINT POWERS AUTHORITY (continued)

Property Coverage: Special District Risk Management Authority, coverage number PPC SDRMA 201314. This policy covers the replacement cost for scheduled property, \$1,000,000,000 per occurrence. Deductible is on file with SDRMA.

Boiler and Machinery: Special District Risk Management Authority, coverage number BMC SDRMA 201314. This covers the replacement cost for scheduled property, \$100,000,000 per occurrence. Deductible is on file with SDRMA.

Workers Compensation Coverage and Employer's Liability: Special District Risk Management Authority, coverage number WCP SDRMA 201314. This coverage is statutory per occurrence, respectively for workers' compensation and \$5,000,000 for employers' liability coverage.

Settled claims have not exceeded any of the coverages in any of the last three fiscal years. There are no reductions in insurance coverage in fiscal year 2014, 2013 and 2012. Liabilities are recorded when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated net of the respective insurance coverage. Liabilities include an amount for claims that have been incurred but not reported (IBNR). There were no IBNR claims payable as of June 30, 2014, 2013 and 2012.

NOTE 8: DEFINED BENEFIT PENSION PLAN

Plan Description

The Nipomo Community Services District contributes to the California Public Employees' Retirement System (CALPERS), an agent multiple-employer public employee defined benefit pension plan. CALPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CALPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and District ordinance. Copies of CALPERS' annual financial report may be obtained from their Executive Office – 400 P Street, Sacramento, CA 95814.

Employee membership in CALPERS is compulsory for all regular full-time and part-time employees except those specifically excluded.

Benefits fully vest on reaching five years of service. Employees who retire at or after age 60 (Tier 1 and Tier II) and age 62 (PEPRA) with five years of credited service, are entitled to a retirement benefit payable monthly for life. An employee's monthly service benefit is

NIPOMO COMMUNITY SERVICES DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2014

NOTE 8: DEFINED BENEFIT PENSION PLAN (continued)

determined by computing the product: years of credited service multiplied by three percent multiplied by final-average monthly compensation for employees hired prior to June 18, 2011 and three year final compensation for employees hired on or after June 18, 2011. Final-average monthly compensation is the employee's average monthly salary during the last year of credited services, or the last three years, whichever is greater. Vested employees may retire at or after age 50 and receive reduced retirement benefits. CALPERS also provides death and disability benefits. These benefit provisions and all other requirements are established by State statute. Employees are required to contribute to the plan based upon the funding policy outlined below. The District is required to contribute the remaining amounts necessary to fund CALPERS, using the actuarial basis specified by statute.

Funding Policy

Employees hired prior to June 18, 2011

Participants are required to contribute 8% of their annual covered salary. The District makes the contribution required of District employees on their behalf and for their account. The District is required to contribute at an actuarially determined rate; the current rate is 21.135% of annual covered payroll. The contribution requirements of plan members and the District are established and may be amended by CALPERS.

Employees hired on or after June 18, 2011

Participants are required to contribute 8% of their annual covered salary. The District does not make the required contribution of District employees on their behalf and for their account. The District is required to contribute at an actuarially determined rate; the current rate is 16.133% of annual covered payroll. The contribution requirements of plan members and the District are established and may be amended by CALPERS.

Employees hired on or after January 1, 2013

Participants are required to contribute 6.5% of their annual covered salary. The District does not make the required contribution of District employees on their behalf and for their account. The District is required to contribute at an actuarially determined rate; the current rate is 6.7% of the annual covered payroll. The contribution requirements of plan members and the District are established and may be amended by CALPERS.

Actual Pension Cost

For the fiscal year ending June 30, 2014, the District's annual pension cost of \$204,384 for CALPERS was equal to the District's required and actual contributions. The required contribution was determined as part of the June 30, 2012, actuarial valuation using the entry age normal actuarial cost method with contributions determined as a percent of pay.

Because the district has less than 100 active members, it is required to participate in the

NIPOMO COMMUNITY SERVICES DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2014

NOTE 8: DEFINED BENEFIT PENSION PLAN (continued)

Miscellaneous 3% at 60 Risk Pool. The District's employer contribution rate is calculated using a combination of the District's individual plan cost components and the risk pool's cost components. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) projected annual salary increases of 3.3 % to 14.20% depending on Age, Service and type of employment, and (c) 3% cost-of-living adjustment. Both (a) and (b) include an inflation component of 2.75%. The actuarial value of the Risk Pool's plan assets was determined using a technique that smoothes the effect of short-term volatility in the market value of investments over a two to five year period depending on the size of investment gains and/or losses. The Risk Pool's unfunded actuarial accrued liability is being amortized as a level percentage of the projected payroll on a closed basis.

Three Year Trend Information

Actuarial information concerning this pension plan is now combined with other local districts and individual district information and three year trend information is no longer made available to the Nipomo Community Services District.

Annual Pension Costs

<u>Fiscal Year</u>		<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>		<u>Net Pension Obligation</u>
2014	\$	204,384	100%	\$	-
2013		211,520	100%		-
2012		215,945	100%		-

Other Post-employment Benefits (OPEB)

Plan Description

In addition to pension benefits, the District provides post-retirement health care benefits through the California Public Employees' Retirement System. In general, to be eligible for retiree medical benefits, an employee must retire from CALPERS on or after age 50 with at least 5 years of District service. For employees hired prior to February 1, 2006, the District's financial obligation is to pay 100% of the cost of coverage for the eligible retiree and any eligible dependents. For employees hired on or after February 1, 2006, the District's contribution percentage is based on the employee's years of CALPERS eligible service at retirement starting at 50% for employees with 10 years increasing by 5% per year of service up to 100% at 20 years of service. The District's maximum contribution is based on this contribution percentage applied to the average weighted premium rates established annually by CALPERS.

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
 June 30, 2014

NOTE 8: DEFINED BENEFIT PENSION PLAN (continued)

OPEB Funding Policy

The District's current funding policy is to fund 100% of the annual required contribution as determined under GASB Statement No. 45 through the California Employers' Retiree Benefit Trust (CERBT). The market value of assets in CERBT as of June 30, 2014 is \$699,641.

Annual OPEB Cost and Net OPEB Obligation

The District's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC). The District has elected to calculate the ARC and related information using the alternative measurement method permitted by GASB Statement No. 45 for employers in plans with fewer than one hundred total plan members. The ARC represents a level of funding that, if paid on an on-going basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over the remaining period of 26 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in its net OEPB obligation to the Retiree Health Plan:

Annual required contribution	\$ 109,705
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
Annual OPEB cost (expense)	\$ 109,705
Actual contributions made	\$ 114,400
Increase in net OPEB obligation	\$ (4,695)
Net OPEB obligation (asset) – beginning of year	0
Net OPEB obligation (asset) – end of year	\$ (4,695)

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan and the net OPEB obligation for the past four years is as follows:

<u>Fiscal</u> <u>Year</u>	<u>Annual</u> <u>OPEB Cost</u>	<u>Percentage</u> <u>of Annual OPEB</u> <u>Cost</u> <u>Contributed</u>	<u>Net OPEB</u> <u>Obligation (Asset)</u>
2014	\$ 109,705	104%	\$ (4,695)
2013	114,400	100%	0
2012	114,400	90%	238
2011	102,298	101%	(11,168)

NIPOMO COMMUNITY SERVICES DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2014

NOTE 8: DEFINED BENEFIT PENSION PLAN (continued)

Funding Status and Funding Progress

As of July 1, 2013, the actuarial accrued liability (AAL) for benefits was \$1,520,862, of which \$821,221 is unfunded.

The projection of future benefit payments for an on-going plan involves estimates of the value of reported amounts and assumptions about the probability of occurrences of events far into the future. Examples include assumptions about future employment, mortality and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that were designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made:

Retirement age for active employees – Based on the historical average retirement age for the covered group, active plan members were assumed to retire at age 60, or at the first subsequent year in which the member would qualify for benefits.

Mortality – Life expectancies at the calculation date are based on the most recent mortality tables published by the national Center for Health Statistics website (www.cdc.gov). The calculations of OPEB liability for each year is based on the assumption that all participants will live until their expected age as displayed in the mortality tables.

Turnover – The probability that an employee will remain employed until the assumed retirement age was determined using non-group-specific age-based turnover data provided in Table 1 in paragraph 35 of GASB Statement No. 45. In addition, the expected future working lifetimes of employees were determined using Table 2 in paragraph 35c of GASB Statement No. 45.

NIPOMO COMMUNITY SERVICES DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2014

NOTE 8: DEFINED BENEFIT PENSION PLAN (continued)

Healthcare cost trend rate – Healthcare cost trend rates were selected based on a combination of national and state trend surveys as well as professional judgment. The ultimate trend rate was 4%.

Health insurance premiums – The 2013 CalPERS Southern California regional health insurance premiums for retirees were used as a basis for calculation of the present value of total benefits paid. An employee is assumed to continue with the same medical plan upon retirement.

Medicare Coordination – Medicare was assumed as the primary payer for current and future retirees at age 65.

Payroll increase – Changes in the payroll for current employees are expected to increase at a rate of approximately 3% annually.

Discount rate – The calculation uses the CalPERS Strategy 1 annual discount rate of 4.61%. This is based on the assumed long-term return on plan assets.

Actuarial cost method – The entry age actuarial cost method was used. The unfunded actuarial accrued liability is being amortized as a level percentage of the projected payroll on a closed basis. The remaining amortization at July 1, 2013 was 26 years.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the Nipomo Community Services District's (the "District") comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the District's overall financial health.

Contents	Page
<u>Financial Trends</u> <i>These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.</i>	55
<u>Revenue Capacity</u> <i>These schedules contain information to help the reader assess the District's two most significant revenue sources, water and sewer sales.</i>	56-59
<u>Debt Capacity</u> <i>These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.</i>	60-62
<u>Demographic and Economic Information</u> <i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.</i>	63-64
<u>Operating Information</u> <i>These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.</i>	65-66

- (1) The percentage of overlapping debt applicable to the district is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the community services district divided by the overlapping district's total taxable assessed value.
- (2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

Ratios to 2013-2014 Assessed Valuation:

Total Direct Debt.....0.00%
Total Overlapping Tax and Assessment Debt0.31%
Combined Total Debt.....0.78%

Supplemental Water Project Phase 1
 Supplemental Water Project Phase 2A
 Water Master Plan
 Standpipe Upgrade and Rehabilitation
 Third connection to Blacklake Pressure Zone
 Southland WWTF Upgrade

Note:

California Government Code (CGC) Section 66013(d) requires the District to make certain information available to the public within 180 days after the close of each fiscal year. CGC Section 66013(e) allows the required information to be included in the District's annual financial report. The Annual Water and Sewer Capacity Report shown above meets this requirement.

The District has a plan in the next five years to utilize these capacity fees as outlined in the Capital Improvement Plan.
