## A GROUNDWATER MANAGEMENT PLAN FOR THE NIPOMO MESA (AB 3030)

Enclosed for your review is a draft Groundwater Management Plan for the Nipomo Mesa. The Nipomo Community Services District has held a number of meetings regarding the development of a groundwater management plan for the Nipomo Mesa as outlined in the California Water Code beginning with Section 10750 commonly known as AB (Assembly Bill) 3030. During these meetings, a number of organizations and individuals have indicated to the District that a draft plan should be put together so that the concept of a groundwater management plan could be viewed and commented on. Based on this request and at the direction of the NCSB Board of Directors, District staff developed the attached draft Groundwater Management Plan. The District invites your comments and concerns, preferably in writing, by January 8, 1996.

After the comments have been received, additional public meetings will be held to review the draft.

If clarification on an item is needed, please contact the District Office. Your comments should be sent to the above address.

Thank you for your participation.

Very truly yours,

NIPOMO COMMUNITY SERVICES DISTRICT

Doug Jones  
General Manager
