Dear Doug Jones:

I would like to know if the Nipomo Community Services District has or is prescribing ( as defined in California Water Law and Policy by Scott S. Slater, Butterworth Legal Publishers Issue 0 1995) any water rights from overlying landowners in the Nipomo area for the last 5 years? I have enclosed one of your maps to define the area I am interested in.

If so: How much water has the Nipomo Community Services District prescribed for each year?

Thank You

John Snyder  
Vice President
