6253.1. Except as otherwise prohibited by law, a state or local agency may adopt requirements for itself which allow greater access to records than prescribed by the minimum standards set forth in this chapter.

6253.5. Notwithstanding Sections 6252 and 6253, statewide, county, city, and district initiative, referendum, and recall petitions, petitions circulated pursuant to Section 5091 of the Education Code, petitions for the reorganization of school districts submitted pursuant to Article 1 (commencing with Section 35700) of Chapter 4 of Part 21 of the Education Code, petitions for the reorganization of community college districts submitted pursuant to Part 46 (commencing with Section 74000) of the Education Code and all memoranda prepared by the county elections officials in the examination of the petitions indicating which registered voters have signed particular petitions shall not be deemed to be public records and shall not be open to inspection except by the public officer or public employees who have the duty of receiving, examining or preserving the petitions or who are responsible for the preparation of that memoranda and, if the petition is found to be insufficient, by the proponents of the petition and the representatives of the proponents as may be designated by the proponents in writing in order to determine which signatures were disqualified and the reasons therefor. However, the

Attorney General, the Secretary of State, the Fair Political Practices Commission, a district attorney, a school district or a community college district attorney, and a city attorney shall be permitted to examine the material upon approval of the appropriate superior court.

If the proponents of a petition are permitted to examine the petition and memoranda, the examination shall commence not later than 21 days after certification of insufficiency.

(b) Nothing contained in subdivision (a) shall be construed as prohibiting any person who is otherwise authorized by law from examining election materials, including, but not limited to, affidavits of registration, provided that requests for bilingual ballots or ballot pamphlets shall be subject to the restrictions contained in subdivision (a).

6253.7. (a) Notwithstanding any other provision of law, a local agency may, by rule or order, exempt partially or completely from any requirement to make available for public inspection any contracts negotiated by the local agency to provide gas transmission or storage services, if the local agency finds that the exemption is in the public interest. In determining whether to grant an exemption, the local agency may consider factors including, but not limited to, customers' interests in confidentiality and shall require a level of disclosure that is comparable to that which is required by federal or state law for competitors.

(b) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

6254. Except as provided in Sections 6254.7 and 6254.13, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular

Address information obtained pursuant to this paragraph shall not be used directly or indirectly to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury.

The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

(1) To an agent, or a family member of the individual to whom the information pertains.

(2) To an officer or employee of another state agency, school district, or county office of education when necessary for the performance of its official duties.

(3) To an employee organization pursuant to regulations and decisions of the Public Employment Relations Board, except that the home addresses and home telephone numbers of employees performing law enforcement-related functions shall not be disclosed.

(4) To an agent or employee of a health benefit plan providing health services or administering claims for health services to state, school districts, and county office of education employees and their enrolled dependents, for the purpose of providing the health services or administering claims for employees and their enrolled dependents.

(b) Upon written request of any employee, a state agency, school district, or county office of education shall not disclose the employee's home address or home telephone number pursuant to paragraph (3) of subdivision (a) and an agency shall remove the employee's home address and home telephone number from any mailing list maintained by the agency, except if the list is used exclusively by the agency to contact the employee.

6254.4. (a) The home address, telephone number, occupation, precinct number, and prior registration information shown on the voter registration card for all registered voters is confidential, and shall not be disclosed to any person, except pursuant to Section 615 of the Elections Code.

(b) For purposes of this section, "home address" means street address only, and does not include an individual's city or post office address.

(c) The California driver's license number or California identification card number shown on a voter registration card of a registered voter is confidential and shall not be disclosed to any person.

6254.5. Notwithstanding any other provisions of the law, whenever a state or local agency discloses a public record which is otherwise exempt from this chapter, to any member of the public, this disclosure shall constitute a waiver of the exemptions specified in Sections 6254, 6254.7, or other similar provisions of law. For purposes of this section, "agency" includes a member, agent, officer, or employee of the agency acting within the scope of his or her membership, agency, office, or employment.

This section, however, shall not apply to disclosures:

(a) Made pursuant to the Information Practices Act (commencing with Section 1798 of the Civil Code) or discovery proceedings.

(b) Made through other legal proceedings or as otherwise required by law.

(c) Within the scope of disclosure of a statute which limits disclosure of specified writings to certain purposes.

(d) Not required by law, and prohibited by formal action of an elected legislative body of the local agency which retains the writings.

(e) Made to any governmental agency which agrees to treat the disclosed material as confidential. Only persons authorized in writing by the person in charge of the agency shall be permitted to obtain the information. Any information obtained by the agency shall only be used for purposes which are consistent with existing law.

(f) Of records relating to a financial institution or an affiliate thereof, if the disclosures are made to the financial institution or affiliate by a state agency responsible for the regulation or supervision of the financial institution or affiliate.

(g) Of records relating to any person that is subject to the jurisdiction of the Department of Corporations, if the disclosures are made to the person that is the subject of the records for the purpose of corrective action by that person, or if a corporation, to an officer, director, or other key personnel of the corporation for the purpose of corrective action, or to any other person to the extent necessary to obtain information from that person for the purpose of an investigation by the Department of Corporations.

(h) Made by the Commissioner of Financial Institutions under Section 1909, 8009, or 18396 of the Financial Code.

6254.6. Whenever a city and county or a joint powers agency, pursuant to a mandatory statute or charter provision to collect private industry wage data for salary setting purposes, or a contract entered to implement that mandate, is provided this data by the federal Bureau of Labor Statistics on the basis that the identity of private industry employers shall remain confidential, the identity of the employers shall not be open to the public or be admitted as evidence in any action or special proceeding.

6254.7. (a) All information, analyses, plans, or specifications that disclose the nature, extent, quantity, or degree of air contaminants or other pollution which any article, machine, equipment, or other contrivance will produce, which any air pollution control district or air quality management district, or any other state or local agency or district, requires any applicant to provide before the applicant builds, erects, alters, replaces, operates, sells, rents, or uses the article, machine, equipment, or other contrivance, are public records.

(b) All air or other pollution monitoring data, including data compiled from stationary sources, are public records.

(c) All records of notices and orders directed to the owner of any building of violations of housing or building codes, ordinances, statutes, or regulations which constitute violations of standards provided in Section 1941.1 of the Civil Code, and records of subsequent action with respect to those notices and orders, are public records.

(d) Except as otherwise provided in subdivision (e) and Chapter 3 (commencing with Section 99150) of Part 65 of the Education Code, trade secrets are not public records under this section. "Trade secrets," as used in this section, may include, but are not limited to, any formula, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to certain individuals within a commercial concern who are using it to fabricate, produce, or compound an article of trade or a service having commercial value and which gives its user an opportunity to obtain a business advantage over competitors who do not know or use it.

(e) Notwithstanding any other provision of law, all air pollution emission data, including those emission data which constitute trade secrets as defined in subdivision (d), are public records. Data used to calculate emission data are not emission data for the purposes of this subdivision and data which constitute trade secrets and which are used to calculate emission data are not public records.

(f) Data used to calculate the costs of obtaining emissions offsets are not public records. At the time that an air pollution control district or air quality management district issues a permit to construct to an applicant who is required to obtain offsets pursuant to district rules and regulations, data obtained from the applicant consisting of the year the offset transaction occurred, the amount of offsets purchased, by pollutant, and the total cost, by pollutant, of the offsets purchased is a public record. If an application is denied, the data shall not be a public record.

6254.8. Every employment contract between a state or local agency and any public official or public employee is a public record which is not subject to the provisions of Sections 6254 and 6255.

6254.9. (a) Computer software developed by a state or local agency is not itself a public record under this chapter. The agency may sell, lease, or license the software for commercial or noncommercial use.

(b) As used in this section, "computer software" includes computer mapping systems, computer programs, and computer graphics systems.

(c) This section shall not be construed to create an implied warranty on the part of the State of California or any local agency for errors, omissions, or other defects in any computer software as provided pursuant to this section.

(d) Nothing in this section is intended to affect the public record status of information merely because it is stored in a computer. Public records stored in a computer shall be disclosed as required by this chapter.

(e) Nothing in this section is intended to limit any copyright protections.

6254.10. Nothing in this chapter requires disclosure of records that relate to archeological site information maintained by the Department of Parks and Recreation, the State Historical Resources Commission, or the State Lands Commission.

6254.11. Nothing in this chapter requires the disclosure of records that relate to volatile organic compounds or chemical substances information received or compiled by an air pollution control officer pursuant to Section 42303.2 of the Health and Safety Code.

6254.12. Any information reported to the North American Securities Administrators Association/National Association of Securities Dealers' Central Registration Depository and compiled as disciplinary records which are made available to the Department of Corporations through a computer system, shall constitute a public record. Notwithstanding any other provision of law, the Department of Corporations may disclose that information and the current license status and the year of issuance of the license of a broker-dealer upon written or oral request pursuant to Section 25247 of the Corporations Code.

6254.13. Notwithstanding Section 6254, upon the request of any Member of the Legislature or upon request of the Governor or his or her designee, test questions or materials that would be used to administer an examination and are provided by the State Department of Education and administered as part of a statewide testing program of pupils enrolled in the public schools shall be disclosed to the requester. These questions or materials may not include an individual examination that has been administered to a pupil and scored. The requester may not take physical possession of the questions or materials, but may view the questions or materials at a location selected by the department. Upon viewing this information, the requester shall keep the materials that he or she has seen confidential.

6254.14. (a) Except as provided in Sections 6254 and 6254.7, nothing in this chapter shall be construed to require disclosure of records of the Department of Corrections that relate to health care services contract negotiations, and that reveal the deliberative processes, discussions, communications, or any other portion of the negotiations, including, but not limited to, records related to those negotiations such as meeting minutes, research, work product, theories, or strategy of the department, or its staff, or members of the California Medical Assistance Commission, or its staff, who act in consultation with, or on behalf of, the department.

Except for the portion of a contract that contains the rates of payment, contracts for health services entered into by the Department of Corrections or the California Medical Assistance Commission on or after July 1, 1993, shall be open to inspection one year after they are fully executed. In the event that a contract for health services

that is entered into prior to July 1, 1993, is amended on or after July 1, 1993, the amendment, except for any portion containing rates of payment, shall be open to inspection one year after it is fully executed.

Three years after a contract or amendment is open to inspection under this subdivision, the portion of the contract or amendment containing the rates of payment shall be open to inspection.

Notwithstanding any other provision of law, the entire contract or amendment shall be open to inspection by the Joint Legislative Audit Committee and the Bureau of State Audits. The Joint Legislative Audit Committee and the Bureau of State Audits shall maintain the confidentiality of the contracts and amendments until the contract or amendment is fully open to inspection by the public.

It is the intent of the Legislature that confidentiality of health care provider contracts, and of the contracting process as provided in this subdivision, is intended to protect the competitive nature of the negotiation process, and shall not affect public access to other information relating to the delivery of health care services.

(b) The inspection authority and confidentiality requirements established in subdivisions (g), (v), and (w) of Section 6254 for the Legislative Audit Committee shall also apply to the Bureau of State Audits.

6254.15. Nothing in this chapter shall be construed to require the disclosure of records that are any of the following: corporate financial records, corporate proprietary information including trade secrets, and information relating to siting within the state furnished to a government agency by a private company for the purpose of permitting the agency to work with the company in retaining, locating, or expanding a facility within California. Except as provided below, incentives offered by state or local government agencies, if any, shall be disclosed upon communication to the agency or the public of a decision to stay, locate, relocate, or expand, by a company, or upon application by that company to a governmental agency for a general plan amendment, rezone, use permit, building permit, or any other permit, whichever occurs first.

The agency shall delete, prior to disclosure to the public, information that is exempt pursuant to this section from any record describing state or local incentives offered by an agency to a private business to retain, locate, relocate, or expand the business within California.

6254.16. Nothing in this chapter shall be construed to require the disclosure of the name, credit history, utility usage data, home address, or telephone number of utility customers of local agencies, except that disclosure of name, utility usage data, and the home address of utility customers of local agencies shall be made available upon request as follows:

(a) To an agent or authorized family member of the person to whom the information pertains.

(b) To an officer or employee of another governmental agency when necessary for the performance of its official duties.

(c) Upon court order or the request of a law enforcement agency relative to an ongoing investigation.

(d) Upon determination by the local agency that the utility customer who is the subject of the request has used utility services in a manner inconsistent with applicable local utility usage policies.

(e) Upon determination by the local agency that the utility customer who is the subject of the request is an elected or appointed official with authority to determine the utility usage policies of

the local agency, provided that the home address of an appointed official shall not be disclosed without his or her consent.

(f) Upon determination by the local agency that the public interest in disclosure of the information clearly outweighs the public interest in nondisclosure.

6255. The agency shall justify withholding any record by demonstrating that the record in question is exempt under express provisions of this chapter or that on the facts of the particular case the public interest served by not making the record public clearly outweighs the public interest served by disclosure of the record.

6256. Any person may receive a copy of any identifiable public record or copy thereof. Upon request, an exact copy shall be provided unless impracticable to do so. Computer data shall be provided in a form determined by the agency.

Each agency, upon any request for a copy of records shall determine within 10 days after the receipt of such request whether to comply with the request and shall immediately notify the person making the request of such determination and the reasons therefor.

6256.1. In unusual circumstances, as specified in this section, the time limit prescribed in Section 6256 may be extended by written notice by the head of the agency to the person making the request setting forth the reasons for the extension and the date on which a determination is expected to be dispatched. No such notice shall specify a date that would result in an extension for more than 10 working days.

As used in this section "unusual circumstances" means, but only to the extent reasonably necessary to the proper processing of the particular request:

(a) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request.

(b) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request.

(c) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein.

6256.2. Nothing in this chapter shall be construed to permit an agency to delay access for purposes of inspecting public records. Any notification of denial of any request for records shall set forth the names and titles or positions of each person responsible for the denial.

6257. Except with respect to public records exempt by express provisions of law from disclosure, each state or local agency, upon any request for a copy of records, which reasonably describes an identifiable record, or information produced therefrom, shall make the records promptly available to any person, upon payment of fees

covering direct costs of duplication, or a statutory fee, if applicable. Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt by law.

6258. Any person may institute proceedings for injunctive or declarative relief or writ of mandate in any court of competent jurisdiction to enforce his or her right to inspect or to receive a copy of any public record or class of public records under this chapter. The times for responsive pleadings and for hearings in these proceedings shall be set by the judge of the court with the object of securing a decision as to these matters at the earliest possible time.

6259. (a) Whenever it is made to appear by verified petition to the superior court of the county where the records or some part thereof are situated that certain public records are being improperly withheld from a member of the public, the court shall order the officer or person charged with withholding the records to disclose the public record or show cause why he or she should not do so. The court shall decide the case after examining the record in camera, if permitted by subdivision (b) of Section 915 of the Evidence Code, papers filed by the parties and any oral argument and additional evidence as the court may allow.

(b) If the court finds that the public official's decision to refuse disclosure is not justified under Section 6254 or 6255, he or she shall order the public official to make the record public. If the judge determines that the public official was justified in refusing to make the record public, he or she shall return the item to the public official without disclosing its content with an order supporting the decision refusing disclosure.

(c) In an action filed on or after January 1, 1991, an order of the court, either directing disclosure by a public official or supporting the decision of the public official refusing disclosure, is not a final judgment or order within the meaning of Section 904.1 of the Code of Civil Procedure from which an appeal may be taken, but shall be immediately reviewable by petition to the appellate court for the issuance of an extraordinary writ. Upon entry of any order pursuant to this section, a party shall, in order to obtain review of the order, file a petition within 20 days after service upon him or her of a written notice of entry of the order, or within such further time not exceeding an additional 20 days as the trial court may for good cause allow. If the notice is served by mail, the period within which to file the petition shall be increased by five days. A stay of an order or judgment shall not be granted unless the petitioning party demonstrates it will otherwise sustain irreparable damage and probable success on the merits. Any person who fails to obey the order of the court shall be cited to show cause why he or she is not in contempt of court.

(d) The court shall award court costs and reasonable attorney fees to the plaintiff should the plaintiff prevail in litigation filed pursuant to this section. The costs and fees shall be paid by the public agency of which the public official is a member or employee and shall not become a personal liability of the public official. If the court finds that the plaintiff's case is clearly frivolous, it shall award court costs and reasonable attorney fees to the public agency.

6260. The provisions of this chapter shall not be deemed in any manner to affect the status of judicial records as it existed

immediately prior to the effective date of this section, nor to affect the rights of litigants, including parties to administrative proceedings, under the laws of discovery of this state, nor to limit or impair any rights of discovery in a criminal case.

6261. Notwithstanding Section 6252, an itemized statement of the total expenditures and disbursement of any agency provided for in Article VI of the California Constitution shall be open for inspection.

6262. The exemption of records of complaints to, or investigations conducted by, any state or local agency for licensing purposes under subdivision (f) of Section 6254 shall not apply when a request for inspection of such records is made by a district attorney.

6263. A state or local agency shall allow an inspection or copying of any public record or class of public records not exempted by this chapter when requested by a district attorney.

6264. The district attorney may petition a court of competent jurisdiction to require a state or local agency to allow him to inspect or receive a copy of any public record or class of public records not exempted by this chapter when the agency fails or refuses to allow inspection or copying within 10 working days of a request. The court may require a public agency to permit inspection or copying by the district attorney unless the public interest or good cause in withholding such records clearly outweighs the public interest in disclosure.

6265. Disclosure of records to a district attorney under the provisions of this chapter shall effect no change in the status of the records under any other provision of law.

6267. All registration and circulation records of any library which is in whole or in part supported by public funds shall remain confidential and shall not be disclosed to any person, local agency, or state agency except as follows:

(a) By a person acting within the scope of his or her duties within the administration of the library.

(b) By a person authorized, in writing, by the individual to whom the records pertain, to inspect the records.

(c) By order of the appropriate superior court.

As used in this section, the term "registration records" includes any information which a library requires a patron to provide in order to become eligible to borrow books and other materials, and the term "circulation records" includes any information which identifies the patrons borrowing particular books and other material.

This section shall not apply to statistical reports of registration and circulation nor to records of fines collected by the library.

6268. Public records, as defined in Section 6252, in the custody or control of the Governor when he or she leaves office, either

voluntarily or involuntarily, shall, as soon as is practical, be transferred to the State Archives. Notwithstanding any other provision of law, the Governor, by written instrument, the terms of which shall be made public, may restrict public access to any of the transferred public records, or any other writings he or she may transfer, which have not already been made accessible to the public. With respect to public records, public access, as otherwise provided for by this chapter, shall not be restricted for a period greater than 50 years or the death of the Governor, whichever is later, nor shall there be any restriction whatsoever with respect to enrolled bill files, press releases, speech files, or writings relating to applications for clemency or extradition in cases which have been closed for a period of at least 25 years. Subject to any restrictions permitted by this section, the Secretary of State, as custodian of the State Archives, shall make all such public records and other writings available to the public as otherwise provided for in this chapter.

Except as to enrolled bill files, press releases, speech files, or writings relating to applications for clemency or extradition, this section shall not apply to public records or other writings in the direct custody or control of any Governor who held office between 1974 and 1988 at the time of leaving office, except to the extent that that Governor may voluntarily transfer those records or other writings to the State Archives.

Notwithstanding any other provision of law, the public records and other writings of any Governor who held office between 1974 and 1988 may be transferred to any educational or research institution in California provided that with respect to public records, public access, as otherwise provided for by this chapter, shall not be restricted for a period greater than 50 years or the death of the Governor, whichever is later. No records or writings may be transferred pursuant to this paragraph unless the institution receiving them agrees to maintain, and does maintain, the materials according to commonly accepted archival standards. No public records transferred shall be destroyed by that institution without first receiving the written approval of the Secretary of State, as custodian of the State Archives, who may require that the records be placed in the State Archives rather than being destroyed. An institution receiving those records or writings shall allow the Secretary of State, as custodian of the State Archives, to copy, at state expense, and to make available to the public, any and all public records, and inventories, indices, or finding aids relating to those records, which the institution makes available to the public generally. Copies of those records in the custody of the State Archives shall be given the same legal effect as is given to the originals.

6270. (a) Notwithstanding any other provision of law, no state or local agency shall sell, exchange, furnish, or otherwise provide a public record subject to disclosure pursuant to this chapter to a private entity in a manner that prevents a state or local agency from providing the record directly pursuant to this chapter. Nothing in this section requires a state or local agency to use the State Printer to print public records. Nothing in this section prevents the destruction of records pursuant to law.

(b) This section shall not apply to contracts entered into prior to January 1, 1996, between the County of Santa Clara and a private entity for the provision of public records subject to disclosure under this chapter.
