Subject: Water Production Data

Gentlemen:

The San Luis Obispo County Engineering Department is continuing the collection of basic water production data. Such records are an essential foundation for water resources and development studies being conducted by all levels of government.

We are currently collecting data for the fiscal year ending June 30, 1987. Please complete the gross production (amount pumped), net production (amount sold) and be sure to include the number of service connections. Your assistance in completing the enclosed form and forwarding it to this office will be greatly appreciated.

Sincerely,

GEORGE C. PROTOPAPAS  
County Engineer
