Dear Michael LeBrun:

I am requesting a current copy of NCSD's Pumping amounts and well standing water levels for January 1st 2001 to February 10, 2006. (the last copies of the reports I received were titled Nipomo Community Services District Gross Well Production and Nipomo Community Services District Well Report Static Water Depth)

Thank You

Harold Snyder

Hand Delivered.

February 17, 2006

Harold Snyder
P.O. Box 926
Nipomo, CA 93444

Dear Mr. Snyder:

SUBJECT: PUBLIC RECORDS REQUESTS 1 – 5, DATED FEBRUARY 10, 2006

Please accept the following as the Nipomo Community Services District's response to your multiple public records request received by the District on February 10, 2006.

Request No. 1:

I am requesting a copy of NCSD's well levels from the SCADA (or what ever the current name of the data acquisition system that NCSD uses to continuously electronically monitor water levels, pump runtimes etc). I request a copy in electronic/computer format.

District's Response:

The District will provide an electronic copy of the information requested. The District's SCADA system makes well level inquiries every 15 minutes. To assemble the information in an electronic format will require approximately 2 hours of District consultant time at a weighted salary of \$145.00 per hour. Therefore, prior to commencing with the level of effort required to respond to this request, the District will require a deposit of \$290.00 dollars. Full payment, at District's actual cost, will be required prior to delivery. On the other hand, if the deposit exceeds the District's cost, then a refund will be provided at the time of delivery. The documents will be available within one (1) working day of the date of payment.

Request No. 2:

I am requesting a current copy of NCSD's Pumping amounts and well standing water levels for January 1st 2001 to February 10, 2006. (the last copies of the reports I received were titled Nipomo Community Services District Gross Well Production and Nipomo Community Services District Well Report Static Water Depth).

District's Response:

The District will produce the documents requested. The District estimates that there are approximately eight (8) pages of documents that are responsive to this request. The cost of reproduction is \$2.90. The documents will be available within one (1) working day of the date of payment.

Request No. 3:

I am requesting a current paper copy of NCSD's UWMP described in the following email. Please let me know when it can be picked up.

District's Response:

The District will produce a paper copy of the Urban Water Management Plan. The District has received a quote of \$135.00 per copy from a copy service. Therefore, a deposit of \$135.00 dollars is required prior to delivery of the Urban Water Management Plan to the copy service. The District estimates that the documents will be ready for your pickup within four (4) working days of the date of your deposit. In the event the deposit does not cover the District's actual costs, then the District will require full payment of costs prior to delivery of the requested documents. If on the other hand the deposit exceeds the cost of production, then a refund will be delivered at the time the document is delivered.

Request No. 4:

I am requesting a copy of NCSD's current board member's Oath of office like attached past oath.

District's Response:

The District will produce the five oaths of office requested at a charge of \$2.30. The documents will be available within one (1) working day of the date of payment.

If you believe the documents identified in the above paragraph are not responsive to your request and you wish to clarify what document you are requesting, then pursuant to Government Code Section 6253.1 a District representative is willing to meet with you to assist you in identifying precisely what records you are requesting.

If you have any questions, please don't hesitate to call.

Sincerely,

NIPOMO COMMUNITY SERVICES DISTRICT

Michael LeBrun, P.E.
General Manager

cc: Jon Seitz, Shipsey & Seitz, Inc.
